

BRADFORD

Chamber of Commerce.

(INCORPORATED).

AUG 19 1925
UNIVERSITY OF ILLINOIS

SEVENTY-THIRD

ANNUAL REPORT

FOR THE YEAR

1923.

BRADFORD:

WM. BYLES AND SONS, PRINTERS, KIRKGAT.

Bradford Chamber of Commerce.

(INCORPORATED).

The objects for which the Chamber is established are:—

- To promote and protect the trade, commerce, and manufactures of Bradford and district, and the Home, Colonial, and Foreign trades of the United Kingdom.
- To initiate, promote, support, or oppose legislative or other measures affecting the aforesaid interests.
- To represent, express, and give effect to the opinions of the commercial community on commercial questions.
- To collect and disseminate statistical and other information relating to trade, commerce, and manufactures.
- To undertake by arbitration or otherwise the settlement of disputes arising out of commercial transactions.
- Generally to do all such other lawful things as may be conducive to the extension of trade, commerce, or manufactures, or incidental to the attainment of the above objects.

Any member of the Chamber, on giving two days' notice to the Secretary, may attend any ordinary meeting of the Council, with liberty to speak on any subject under discussion.

The Meetings of the Council are usually held on the first Tuesday after the 20th of each month, at 2.30 p.m.

BRADFORD CHAMBER OF COMMERCE

(INCORPORATED).

THE SEVENTY-THIRD ANNUAL REPORT

FOR THE YEAR

1923,

*Presented and adopted at the Annual General Meeting
of the Members of the Chamber, held on Tuesday,
19th February, 1924.*

Bradford Chamber of Commerce

(INCORPORATED).

SEVENTY-THIRD ANNUAL REPORT, 1923.

Your Council have pleasure in submitting their report of the work of the Chamber during the past year.

ORGANISATION.

Membership.—During the year 70 new members have been elected, and deducting a loss of 57 from various causes shows a net increase of 13. On the 31st December, 1923, the membership of the Chamber consisted of 2 Life Members, 8 Honorary Members, and 1,283 Ordinary Members, making a grand total of 1,293.

This exceeds all previous records, but there is still a large number of firms and companies in Bradford who have not yet associated themselves with the Chamber. The Chamber is becoming increasingly useful to its members, and in view of new responsibilities shortly to be undertaken it is hoped that many who have not yet allied themselves will do so in the course of the coming year. Every member is urged to do his utmost to increase the membership, and so make it still more representative of the Trade and Industries of the district.

Meetings.—During the past year 194 meetings have been held, as compared with 240 in 1922. These include Meetings of the Members, of the Council, its Committees, Trade Sections, Conferences, Allied Bodies, and other meetings at which the Chamber has been represented.

Finances.—The Hon. Treasurer and the Hon. Auditor report that the finances of the Chamber are in a satisfactory condition. At the same time, owing to the new responsibilities undertaken by the Chamber by the purchase and proposed erection of a suitable building to house the Chamber and its staff, the Council look with confidence to the members to support them by substantially contributing to the funds necessary to be raised for this purpose.

Annual General Meeting.—The Seventy-third Annual General Meeting of the Members of the Chamber was held on Tuesday, 13th February, 1923, Sir Henry Whitehead, J.P., President, in the chair. The business, as usual, consisted of the adoption of the Annual Report and Accounts for the preceding year, and the declaration of the result of the voting by members for the vacancies occurring on the Council.

Changes in the Council.—At the Annual General Meeting of Members 10 vacancies occurred by the usual retirement of members. Twenty-four members having been nominated, voting papers were distributed to all the Members of the Chamber, and when these returns had been duly enumerated and scrutinised the following gentlemen were declared duly elected:—

Mr. E. C. Behrens.
Mr. J. W. Downs.
Mr. J. H. Halliday.

Mr. D. Hamilton.
 Mr. C. R. Hindley, J.P.
 Mr. W. H. Lister, J.P.
 Mr. G. H. Pepper.
 Mr. J. R. Pollit.
 Mr. W. H. Suddards.
 Mr. Wilfred Turner, J.P.

At the Annual Meeting of the Council, held on the 20th February, the resignations of Mr. George Garnett and Mr. Fred Mitchell were accepted with regret, and the following elected in their stead:—

Mr. Walter Andrews.
 Mr. Isaac Smith.

At the same Meeting, Mr. E. R. Firth, who retired under Article No. 17 of the Chamber's Articles of Association, was duly re-elected, and Mr. H. B. Shackleton was appointed Chairman of the Manufacturers' Section in room of the late Mr. T. Whiteley.

At the Meeting of the Council, held 24th April, it was intimated that Mr. F. W. Brearley, of the Midland Bank, succeeded Mr. H. Bryen Bell as Chairman of the Local Branch of the Institute of Bankers, and therefore replaced Mr. Bell on the Council of the Chamber.

On the 6th December a General Election took place, when Mr. F. W. Jowett, Mr. Wm. Leach, Mr. H. H. Spencer, Mr. W. R. Rea and Mr. W. Mackinder were elected Members of Parliament for Bradford and Shipley respectively.

Honorary Members of the Council.—At the Annual Meeting of the Council on the 20th February, the following were elected:—

The Right Hon. Lord Barnby.
 Sir Robert Clough.
 Mr. George Douglas.
 Sir James Hill, Bart., J.P.
 Sir James Roberts, Bart., J.P.
 Mr. William Watson, J.P.

Co-opted Members of the Council.—At the same Meeting the following were co-opted:—

Sir W. E. B. Priestley, J.P.
 Lt-Col. the Hon. F. V. Willey,
 C.M.G., C.B.E., M.V.O.
 Mr. James Ewing.
 Mr. E. E. Thackery.

Election of Officers.—At the Annual Meeting of the Council, held 20th February, the following were elected to office for the ensuing year:—

Sir Henry Whitehead, J.P., President.
 Mr. F. A. Aykroyd, Senior Vice-President.
 Sir W. E. B. Priestley, J.P., Junior Vice-President.
 Mr. (now Sir) J. H. Robinson, J.P., Hon. Treasurer.
 Mr. W. T. Butterfield, F.C.A., Hon. Auditor.

Election of Representatives.—At the same meeting the following were elected the Chamber's representatives on the undermentioned Committees:—

Association of British Chambers of Commerce—Executive Council:—

Sir W. E. B. Priestley, J.P.
 Mr. F. A. Aykroyd.

International Chamber of Commerce British National Committee:—

The President or his Deputy.

British Imperial Council of Commerce:—

Mr. J. H. C. Hodgson.

Conditioning House Advisory Committee:—

Sir Henry Whitehead, J.P.

Col. G. Hoffmann, J.P.

Mr. F. D. Moore, J.P.

Bribery and Secret Commissions Prevention League:—

Mr. H. Sutcliffe Smith.

Leeds University Economics and Commerce Committee:—

Mr. (now Sir) J. H. Robinson, J.P.

Mr. F. D. Moore, J.P.

British Cotton Growing Corporation—Administrative Council:—

The President or his Deputy.

Bradford Grammar School:—

Mr. W. H. Lister, J.P., was elected the Chamber's representative on the Board of Governors for the ensuing three years.

Bradford Savings Committee.—At the meeting of the Council, held 27th March, the following were elected the Chamber's representatives on this Committee:—

Mr. Dudley G. Ackroyd.

Mr. G. H. Pepper.

Mr. W. H. Suddards.

Bradford Council of Social Service.—At the Meeting of the Council, held 24th April, the following were

re-elected the Chamber's representatives on the Bradford Council of Social Service:—

Mr. J. W. Downs.

Mr. C. R. Hindley, J.P.

Mr. W. H. Lister, J.P.

Losses by Death.—The Council have to report with much regret the loss the Chamber, the trade, and district have sustained by the death on the 23rd January of Mr. Thomas Whiteley, who had been a Member of the Council for 18 years (from 1905 to 1923), Chairman of the Manufacturers' Section for 10 years (from 1913 to 1923), and Junior Vice-President of the Chamber for two years (1921/2), and the death of Mr. Alex. Gemmell on the 13th January. Mr. Gemmell had been a member of the Council and Honorary Treasurer of the Chamber for 12 years (from 1901 to 1911).

At the Council Meeting on the 24th April the great loss the Chambers of Commerce throughout the country had sustained by the death of Sir Albert J. Hobson was reported, and a resolution expressing the Chamber's sense of the loss suffered by the business community and of sympathy with his relatives was adopted.

New Premises.—At the meeting of the Council on the 31st July, it was reported that premises at the foot of Cheapside had been purchased by the Chamber with a view to the erection of new offices for the Chamber, which would be adequate for the Chamber's requirements.

The possession of the property would not be obtained until April, 1924.

Accountants' Section.—Six meetings of this Section and of its Committee have been held during the year, at which the following subjects have been discussed; and

recommendations made upon the action to be taken on them:—

Requirements of Inland Revenue for Taxation Purposes.

Provisions of Finance Bill, 1923.

Income Tax Forms.

Collection of Taxes.

Super Tax on Private Firms, and on the Undistributed Income of certain Companies.

Excess Profits Duty generally and in relation to Bad and Doubtful Debts.

Corporation Profits Tax.

Stamp Duty on Transfers.

Taxation of Co-operative Societies.

Bankruptcy Laws.

Interest on E.P.D. on Recovered Pre-War Debts.

Arbitrations.—The activities of the Chamber in connection with the settlement of disputes by Arbitration have continued with unabated energy during the past year, 26 cases having been settled as compared with 34 in the previous year.

Many of these have been involved, and entailed much careful investigation by the Arbitrators. It is most pleasing to record that the gentlemen approached have unhesitatingly consented to act.

The Chamber therefore most willingly extends its gratitude to the following gentlemen who have assisted the trade, and who have settled difficulties which might have resulted in litigation.

Mr. J. C. Arnold.

Mr. A. R. Baines.

Mr. John H. Bates.

Mr. Julius Bernhard.

Mr. Hardy Behrens (2).

Mr. Stuart Blezard.

Mr. J. R. Broomhead.

Mr. Chas. Crowther.

Mr. Victor Davies.	Mr. Herman Rasche.
Mr. T. R. Green (2).	Mr. Harry Pickles.
Mr. W. H. Greenwood.	Mr. J. B. Priestman.
Mr. W. Pickard Haigh.	Mr. E. J. Rouse.
Mr. R. G. Hainsworth.	Mr. W. H. Shaw.
Mr. J. H. Halliday.	Mr. Fredk. M. Smith.
Mr. Sam Harland.	Mr. R. J. Steele.
Mr. Frank Haslam.	Mr. Jas. M. Tankard.
Mr. Harry Hellewell.	Mr. Edward W. G. Tee.
Mr. Wm. Chas. Hey.	Mr. Chas. Tempest.
Mr. Albert Hill.	Mr. C. O. Thackray.
Mr. W. Hunter.	Mr. Wm. Townend.
Mr. Leonard Ingham.	Mr. F. W. Turner (2).
Mr. Wm. Jackson.	Mr. Gerald K. Walker.
Mr. Arthur Jessop.	Mr. Lawrence A. Whaley.
Mr. E. A. Lassen.	Mr. H. Whitehead.
Mr. G. H. Laxton.	Mr. Saml. Wilkinson.
Mr. W. H. Lister.	Mr. Jas. H. Wood.
Mr. A. F. Mombert.	Mr. Joseph E. Woodhead.
Mr. Thos. Percy Oddy.	

Since 1890 607 cases in all have been decided, the numbers during each of the last 34 years being as follows:—

1890, 4.	1897, 6.	1904, 15.	1911, 32.	1918, 4.
1891, 4.	1898, 3.	1905, 14.	1912, 21.	1919, 15.
1892, 7.	1899, 9.	1906, 15.	1913, 29.	1920, 29.
1893, 7.	1900, 15.	1907, 22.	1914, 17.	1921, 69.
1894, 10.	1901, 22.	1908, 36.	1915, 16.	1922, 34.
1895, 4.	1902, 18.	1909, 31.	1916, 12.	1923, 26.
1896, 8.	1903, 21.	1910, 25.	1917, 7.	

In examining the cases undertaken and settled during the past year, a noteworthy feature is that many have affected exporters in this district and importers in overseas countries, the latter of whom have readily acquiesced in the suggestion to have the matter settled by this Chamber. Thus it will be seen that the overseas buyers have maintained their confidence in the fairness of the

methods employed by the Chamber in dealing with commercial difficulties of this kind.

The Chamber has, moreover, been of use in the settlement of many disputes not included in the above figures. There have been many cases in which disputes have arisen and the parties have proposed to submit them to arbitration; but, on being consulted, the officials of the Chamber have been able to suggest solutions satisfactory to both sides, thus avoiding even the small expense of arbitration.

On the 19th January the International Chamber of Commerce inaugurated its Court of Arbitration by holding a formal sitting of the Court in Paris. Sir Henry Whitehead is a member of the Court, and along with Mr. J. H. C. Hodgson attended this meeting.

The Arbitration work of the International Chamber has developed to a large extent since that date, and many intricate cases have been submitted for their jurisdiction. From this it will be seen that great strides have been made to facilitate the settlement of international commercial disputes consequently providing the means for increasing confidence in International relations.

The Chamber has played a most prominent part in the formation of the International Court, and during the year has actively participated through its representatives (Mr. J. H. C. Hodgson and Mr. H. T. Tulloch) in advancing the work.

A Memorandum on arbitration procedure and British Law on Arbitration has been carefully drawn up and given long consideration in London at several meetings, with the result that foreign countries—not well versed in

arbitration—will receive full particulars as to how arbitration is conducted in this country with a view to a unification of arbitration law and procedure.

Local Trade Matters.

Anthrax.—A Meeting of members and others interested in the Anthrax question was held on the 12th March, when Sir William Middlebrook explained the position in regard to proposed regulations relating to Anthrax, and stated that there was a doubt as to whether employers in the industry supported the proposal for an International Convention regarding the disinfection of scheduled material.

After some discussion the following resolution was unanimously adopted:—

“That this meeting of Buyers and Users of Scheduled materials is strongly in favour of an International Agreement with reference to disinfection of dangerous materials and strongly presses the Employers’ representative on the Governing Body of the International Labour Organisation to support the British Government in its efforts to secure an International Convention.”

Marking of Sheep.—Referring to the paragraph in last year’s Annual Report, pages 34/5, an experiment was made during the previous winter of marking a number of sheep with the solution of the Bury expert. In July last a consignment of the fleeces so marked were forwarded to Bradford and submitted to a test which was fairly satisfactory. It was felt, however, that a further test was desirable to confirm, if possible, the results obtained. Accordingly during the present winter a number of sheep within easy reach of Bradford will be marked with the solution, and the fleeces afterwards duly tested.

Safeguarding of Industries Act, Part II.—At a special Meeting of the Council held on the 12th September, after a lengthy discussion the following resolution was adopted by a majority :—

“ That the Secretary of this Chamber be instructed to apply to the Board of Trade for the appointment of a Committee (as provided for in the Safeguarding of Industries Act, Part II.) to enquire into the causes of unemployment in the Bradford Woollen and Worsted Trade.”

A letter was accordingly addressed to the Board of Trade, but up to the end of the year no definite reply had been received.

Advertising.—The attention of the Council, at its meeting on the 25th September, having been called to the desirability of Bradford extensively advertising its productions, the matter was discussed at some length, when the formation of a Committee was decided on comprising four representatives of the Bradford Chamber of Commerce, the Bradford and District Chamber of Trade, and the Bradford Corporation. These bodies having elected their representatives, two Meetings of the Committee were held on the 26th October and 20th November, when it was unanimously agreed that it was desirable that some scheme of advertising Bradford productions should be adopted, and that the Corporation should be approached with a view to contributing to the cost that would be involved.

A Deputation from the Committee accordingly interviewed the Finance Sub-Committee of the Corporation on Friday, the 30th November, when the President of the Chamber and Members of the Deputation explained the object of their visit.

On the 15th December a letter was received from the Town Clerk expressing the regret of the Corporation that

they were unable to accede to the suggestion made by the Deputation.

Piece Dyers' Contract Terms.—The Chamber having received numerous complaints in regard to the proposed new Contract Terms for the dyeing of piece goods issued by the Piece Dyers' Association, a meeting of the Members of the Chamber was convened and held in the Mechanics' Institute on Monday, 1st October, at which a vigorous protest was made against the proposed new Terms which would, if allowed to pass, have created practically a monopoly in the Piece Dyeing Trade. The following resolution was unanimously adopted:—

“That this meeting of members of the Bradford Chamber of Commerce having received and considered the proposed Dyeing Rebate Agreement declines the offer in its present terms and strongly requests that reductions in Dyeing Charges be made, so as to give traders the proposed measure of relief without the accompanying obnoxious clauses which limit the trader's selection of dyers of cotton and artificial silk goods. The meeting is of opinion that the adoption of this course will materially assist to reduce the amount of unemployment now prevalent in the industry; and urges that any arrangements under the proposed agreement be suspended pending negotiations.”

A Deputation was later appointed, and waited upon the representatives of the Piece Dyers' Association. A lengthy report of this interview was subsequently circulated amongst manufacturers and piece merchants. The result of the representations made was that the Piece Dyers' Association undertook to withdraw the objectionable terms and to substitute others.

A further Conference between representatives of the Chamber and of the Piece Dyers' Association was held in Bradford on the 13th December, and the revised terms were submitted to and approved by a Meeting of Manufacturers and Merchants, held at the Midland Hotel on

the 19th December. A resolution of thanks was accorded to the Members of the Deputation for their services to the Trade in this matter.

Foreign and Colonial Trade and Tariff Matters.

AMERICA.

Standardisation of Wool Fibres.—The United States having commenced investigations with a view to the setting up of standards of the various classes of wools imported into the States, a Conference was held on the 21st September, representative of the British Wool Federation, the Woolcombing Employers' Federation, the Worsted Spinners' Federation, the Bradford and District Manufacturers' Federation and of the Chamber. This Conference was attended by Mr. Marland C. Hobbs, of Arlington Mills, Boston, who was the representative of the Joint Committee on Research and Standardisation of the National Association of Wool Manufacturers, the American Association of Woollen and Worsted Manufacturers, and the National Association of Woollen and Worsted Spinners. Mr. Hobbs also represented the Department of Agriculture and Commerce of the United States Government.

After considerable discussion it was agreed that the British Wool Federation should endeavour to obtain standard grades representative of the different qualities of wool recognised in the Bradford Trade.

At a further Conference, held on the 12th November, these samples were submitted, and approved as being representative of the various grades. It was agreed to send half of each of these samples to the Department of Agriculture and Commerce at Washington, and that the remainder should be retained at the Bradford Chamber of Commerce for reference.

Cancellations.—With the exception of three, all the outstanding cases have now been satisfactorily settled. During the course of the year seven cases were withdrawn from the Law Courts of the United States, and re-opened for negotiations by the New York and Bradford Chambers.

After the termination of Mr. H. T. Tulloch's mission to Canada he proceeded to New York, and spent a week in collaboration with Mr. Charles L. Bernheimer, carrying on negotiations with various firms in New York. As a result of their efforts, eight cases were settled, including one case for a very large sum of money. Mr. Bernheimer placed his own offices at Mr. Tulloch's disposal during his visit to New York, and by his ever-ready and willing assistance the above mentioned result was achieved.

The friendly relations between the two Chambers have been greatly strengthened during the past year, and the Chamber desires to record its hearty appreciation of the continued co-operation with them of Mr. Charles L. Bernheimer and the Committee on Arbitration of the Chamber of Commerce for the State of New York, and of all the work they have done towards the furtherance of that spirit of conciliation so necessary for friendly business relations. A tangible appreciation of Mr. Bernheimer's services has also been proposed, and the various firms who have received assistance have generously con-

tributed towards a presentation, which will be personally made to Mr. Bernheimer early in the New Year.

AUSTRALIA.

On the 13th December the members of the Chamber interested in Trade with Australia had the privilege of an interview with Major R. McK. Oakley, Australian Controller of Customs and Excise, who had accompanied the Premier of Australia to this country as adviser on Customs Matters in connection with the Imperial Economic Conference.

Major Oakley gave an interesting address, explaining the policy of the Australian Government and the position of matters in relation to Customs Duties. A number of interesting points were raised by those present, and answered by Major Oakley.

Major Oakley desired the Chamber to submit some of the points raised in writing, so that they might receive due consideration on his return to Australia.

AUSTRALASIA.

An invitation having been sent to the Dominion Premiers to visit Bradford, the Right Hon. S. M. Bruce, Premier of Australia, and the Right Hon. W. F. Massey, Premier of New Zealand, visited Bradford on Thursday, the 6th December. After a visit to Saltaire Mills these gentlemen were entertained to Luncheon by the Lord Mayor of Bradford.

After the Luncheon a Conference took place in the Council Chamber of the Town Hall with members of the Council of the Bradford Chamber of Commerce and of the Executive of the British Wool Federation, when the following subjects were discussed:—

Marking of Sheep.
 Bagging.
 Rates of Exchange.
 Mail Service to and from Australia.
 Sheep Breeding.
 Classification of Artificial Silk.

In the evening the Right Hon. S. M. Bruce was entertained to Dinner at the Midland Hotel by the President of the Chamber. The gathering was largely attended by members of the Chamber and others, and proved to be a very interesting function.

BELGIUM.

Belgian Tariff.—A matter of considerable importance to many members of the Chamber arose in the early part of the year, when it was learned that the Belgian Government contemplated increasing the rates of import duties on all classes of goods entering Belgium, amongst which, of course, textiles figure to a considerable extent.

On examination of the proposals it was found that the increases proposed were of a rather exorbitant nature, and immediate efforts were made to place before the proper authorities the views of traders here.

The Association of British Chambers of Commerce was apprised of the serious effects the new proposals would have if carried through, and the President (Sir Arthur Balfour) showed his customary willingness to assist traders by asking representatives of those affected to meet him, so that he could introduce them to the Belgian Consul-General in London and lay the case before that gentleman. Accordingly Mr. F. L. Moorhouse (Huddersfield Chamber of Commerce), Mr. Bird (Batley Chamber of Commerce) and Mr. B. Leach (Assistant

Secretary of the Bradford Chamber of Commerce), waited upon Sir Arthur Balfour, who conducted them to the Consul-General.

The main points emphasised were that under the existing tariff there is a differentiation between:—

- (a) Cloths containing less than 50 threads per sq. centimetre and weighing 200-350 grammes per sq. metre;
- (b) Cloths containing less than 31 threads per sq. centimetre and weighing 350-550 grammes per sq. metre.
- (c) Cloths containing more than these specified numbers of threads in the weights given.

These cloths are accorded rates (under the existing Tariff) which are commensurate with the price of such cloths; in other words, a lower rate of duty is applied to those cloths which are of lower value, and a higher rate is applied to the high-priced goods.

The deputation stressed the point that if the proposals were adopted the increases would be some 113 to 130 per cent. on lower priced goods, and illustrated the arguments by submitting a list of the precise goods affected, with details of the duties under the present and the proposed rates respectively.

A strong point appeared to be that the cloths chiefly affected were consumed by the ordinary working class population of Belgium, and in the event of the proposals being carried that part of the population who could least afford it, and which formed by far the majority of the population, would be called upon to bear the heaviest burden of the increases.

In addition the Chamber, through a correspondent in Brussels, enlisted the favourable support of several members of the Belgian Legislature, with the result that there is good ground for hoping that the Chamber will meet with success in its efforts to retain the present classification.

A short time afterwards it was officially announced that the Belgian Government had decided to postpone consideration of the tariff for six months.

CANADA.

The Bank Act.—The Chamber continued the negotiations on this subject, and on the 28th March a cable was received from the British Agents' Association of Montreal stating that the Committee of the Canadian House of Commons would take the evidence of a representative from Great Britain in the week commencing 8th April. It was decided, therefore, that Mr. H. T. Tulloch, Private Secretary to the President, should go on behalf of the Chamber, and he sailed on the 31st March, arriving in Montreal on the 7th April.

Mr. Tulloch duly appeared before the House of Commons at Ottawa on the 13th April, and proposed the following amendments to Sections 86, 87, 88 and 89 of the old Act:—

1. That all liens on stocks, etc., granted to a bank under Section 88 should be registered for public information.
2. Specific amounts should be stated with the original registration, and provision made for subsequent amounts to be registered as the liens were given.
3. Liens granted prior to 1st August, 1923, should be null and void.
4. Liens granted on accounts receivable should also be registered.

5. Publication should be made by notice in the Gazette of liens given to banks.
6. Provision should be made in the Act to prevent firms hypothecating under sections 86 and 87, and using the proceeds to discharge a lien given under section 88.

Mr. Tulloch spent two weeks in Ottawa interviewing individual Members of Parliament, as well as addressing a group of members on this subject.

Other amendments had also been proposed to other sections of the Act, and the Committee spent considerable time in making their report. However, on the 30th June, Assent was given to the Act, and the principle of registration has been incorporated.

Briefly, the new Section (88a) states that if a firm desires to give a lien to a bank under Section 88, the firm must give notice and the lien shall be registered with the Assistant Receiver-General in the Province of the firm's principal place of business. On complying with this procedure, the bank may give a loan. Right of search of the register is granted on payment of a small fee. The new section came into operation on 1st August, 1923.

A further amendment was also carried in the House of Commons to the effect that the unpaid vendor should have priority over the bank in the event of insolvency of a firm, but when this clause reached the Upper House (The Senate) it was eliminated from the Act.

Having regard to the need for safeguarding British interests, Mr. Tulloch went thoroughly into this question, and after consultation with leading accountants and professional men the following clause was drawn up for insertion in all contracts and confirmation of orders for Canada:—

“ Title and interest in the merchandise herein described shall remain in and the same shall not be pledged, mortgaged, hypothecated or otherwise charged to any bank, trust company, corporation, firm or individual until fully and finally paid for in cash. The receipt from the purchaser of promissory notes or other negotiable instruments shall not constitute payment until such instruments are actually paid.”

This clause should also be inserted or printed on all invoices. In addition, British firms should draw on Canadian firms and send all documents through the Canadian firm's own bank, and in doing so draw the bank's attention to the clause on the invoice.

This scheme was submitted to a leading Counsel in Montreal, who has advised that if traders adopt the procedure outlined above, hypothecations or liens on goods will not be possible, and at the same time traders will have a priority over the bank in accordance with the proviso of Section 89.

The Chamber recommends traders to take advantage of the above mentioned scheme. Several firms have adopted it, and already one firm has reported the beneficial result of having had returned to them from a bank some £2,000 worth of goods from an insolvent estate.

Great assistance was rendered to Mr. Tulloch by the British Agents' Association of Montreal through their President, Mr. Geo. Blackburn, and two members of the Executive, Messrs. A. H. Skelton and Mr. J. H. Shaw, the latter of whom also gave evidence before the House of Commons.

The new section is of considerable benefit to traders, and is a great advance over the old Act. There is no doubt that the agitation set up by this Chamber has had its reward in influencing the Canadian Government to

amend the Act. The Chamber is continuing its efforts towards further amendments when the opportunity arrives for sending them forward.

Mr. Tulloch was empowered on this occasion to represent the following Chambers of Commerce in Great Britain:—

Halifax. Huddersfield. Leeds. Leicester.
London. Manchester. Nottingham.

The Chamber desires to express its appreciation of the support these Chambers accorded, and also of their generous contributions towards the expenses of the Mission. The Chamber also desires to record its appreciation of the generous support of individual members of the Chamber who have also made contributions towards the expenses.

Sections 86, 87, 88, 88a, and 89 of the Bank Act, 1923, appear in the Appendix. (Page 76).

Franco-Canadian Commercial Agreement.—On the 23rd March, the Board of Trade Journal published the terms of the Franco-Canadian Commercial Agreement, and this was found to grant a rebate of 15 per cent. from the Intermediate Tariff to France. This rebate brought down the tariff on French Woollen and Worsted Piece goods to $29\frac{3}{4}$ per cent., thereby reducing the British Preference from $7\frac{1}{2}$ per cent. to $2\frac{1}{4}$ per cent.

The matter was serious, especially in view of the depreciated French exchange, and it was agreed that a protest should accordingly be entered. The matter was further considered by the Advisory Committee at its meeting on the 3rd April, when it was agreed to ask the Association of British Chambers of Commerce at its Annual Meeting to adopt the following resolution:—

“ That this Association of British Chambers of Commerce, whilst in no way wishing to interfere with the Domestic Policy of Canada desires to draw attention to the reduction in the *ratio* of the British Preferential Tariff on goods coming within the arrangements of the Commercial Convention between Canada and France and requests the Executive Council to ask the High Commissioner for Canada to receive a Deputation on the subject.”

The President of the Chamber, when in London, convened a meeting of the representatives of the West Riding Chambers in the Woollen and Worsted Industry attending the Annual Meeting of the Association. The resolution was approved, and it was agreed that a Deputation should wait upon the Board of Trade. This Deputation took place on the 19th April. Unfortunately, Mr. H. Fountain, the head of the Commercial Relations and Treaties Department of the Board of Trade, was absent through illness, and the Deputation was accordingly received by one of his assistants, who was unable to explain the delay in making the contents of the Convention known.

The President personally interviewed Sir Philip Lloyd Greame, the President of the Board of Trade, who promised to see what could be done in the matter.

Mr. Sutcliffe Smith also brought the matter before the Advisory Committee of the Board of Trade and representations were accordingly made to the Canadian Government.

This matter was brought to the notice of the Chamber just before Mr. H. T. Tulloch left on his mission to Canada, and it was decided that he should make direct representations to the Canadian Government. On the 16th April, Mr. Tulloch interviewed the Minister of Finance and Customs, and presented a case for the old rate of preference to be maintained. He also saw the permanent

official at the Customs Department in Ottawa, and interviewed a considerable number of Members of Parliament in this connection. The following letter was addressed to the Minister by Mr. Tulloch on behalf of the West Riding Chambers:—

Hotel Windsor,
Montreal, 19th April, 1923

The Hon. W. Stevens Fielding, M.P.,
Minister of Finance and Customs,
House of Commons, Ottawa, Ont.
British Preferential Duty.

Sir,

I have received instructions from England to make the following representations to you with reference to the loss of the Preferential Duty on British Goods, owing to the operation of the Franco-Canadian Treaty.

On behalf of the Woollen and Worsted Industry of the West Riding of Yorkshire, therefore, I desire to submit the following facts:—

Preferential Tariff as applied to Item 567.

Proposed French Convention Rate	29 $\frac{3}{4}$ %
British Preferential	27 $\frac{1}{2}$ %
French purchases in Canadian currency, say \$100.00, Duty \$29.75. Laid down cost in Canada	\$129.75
British purchases in Canadian currency, say \$100.00, Duty \$27.50. Total in Canada ...	\$127.50
Difference	\$2.25

\$2.25 saving on British is the equivalent of 1.76% on the laid down cost of British goods over French.

It will therefore be seen that the British Preferential over the French is very materially reduced.

The franc at 6.84 will undoubtedly stimulate the buying of French goods, and, in our opinion, will practically nullify the advantages of the British Preferential as compared with the French Treaty.

I called on the Customs Department, in Ottawa, on the 17th inst., and brought this matter to their notice. They requested me to bring same officially to your notice by letter.

I desire, therefore, to express the hope that you will give this subject your earnest consideration and that you will see your way to retain the margin introduced by yourself in favour of British goods.

Thanking you for your kindness to me while in Ottawa.

I have the honour to be, Sir,

Your obedient servant,

H. T. TULLOCH.

At the end of May the Chamber received the following communication from the Board of Trade, from which it appeared that steps had been taken by the Canadian Government to overcome the difficulty:—

Board of Trade (Commercial
Relations and Treaties Department),
Great George Street, S.W.1.

22nd May, 1923.

Sir,

With reference to previous correspondence on the subject of the Franco-Canadian Commercial Convention and to the deputation recently received by Colonel Buckley, I am now directed by the Board of Trade to state, for the information of your Chamber, that a telegram has been received from His Majesty's Trade Commissioner at Montreal, giving certain particulars of the Canadian Budget proposals for the amendment of the Customs Tariff. He states that in the case of goods which are subject, under the British Preferential Tariff, to a duty in excess of 15 per cent. ad valorem, a discount of 10 per cent. on the amount of duty leviable will be allowed, provided the goods are shipped direct to a Canadian port without transshipment.

Accordingly, British goods which enter Canada under item 567 of the Canadian Tariff, when shipped direct to a Canadian port, will be subject to duty at the rate of 24½ per cent. ad valorem. As the duty on goods of a similar class which enter Canada under the rates provided for in

the corresponding item in Schedule F. to the Franco-Canadian Convention of 1922 is $29\frac{3}{4}$ per cent. ad valorem, it will be seen that the preference on British goods will be 5 per cent. ad valorem.

You will be aware that before June, 1922, the British preferential duty had been for very many years 30 per cent. ad valorem (as against a duty of 35 per cent. ad valorem leviable on goods from France and other foreign countries). In June, 1922, the British preferential duty was reduced to $27\frac{1}{2}$ per cent. ad valorem, thus raising the preference temporarily to $7\frac{1}{2}$ per cent., which as a result of the Franco-Canadian Convention would have been reduced to $2\frac{1}{4}$ per cent. by reason of the reduction of the duty under that Convention to $29\frac{3}{4}$ per cent. The effect of the new Budget proposed is, therefore, to restore the former preference of 5 per cent. ad valorem provided the goods are shipped direct to Canada.

I am, Sir,

Your obedient Servant,

H. FOUNTAIN.

The Secretary,

Bradford Chamber of Commerce.

CHINA.

At meetings of the Council, on the 26th June and 31st July, the attention of the Chamber was called to the very appalling state of affairs in China, which was seriously interfering with Trade and Commerce.

It appeared that the China Association in London had adopted the following resolutions, and the Chamber decided to strongly support the views expressed therein:—

- (a) That the hopes and intentions of the Governments signatory to the Four-Power Treaty at the Washington Conference with regard to peace and good order in China have not been fulfilled.
- (b) That the time has now been reached when those Governments should review the state of affairs in China with a view to considering measures by which China

may be assisted in achieving national union, settled conditions and financial equilibrium.

- (c) That these objects may best be attained by enlarging the scope of the Special Conference which is to be convened for considering the Customs Surtax and the abolition of lekin, but if circumstances prevent that Body meeting in the near future, a special Conference be convened by the Four Powers to this end.

At the meeting of the Council on the 18th December, a communication was read from the Board of Trade intimating that an important Chinese Industrial Mission would shortly visit this country with a view to enquiring into Industrial Conditions.

After spending some time in London the Mission would visit the principal provincial centres of Industry.

It was agreed to send a cordial invitation for the Mission to visit Bradford.

CZECHO-SLOVAKIA.

Pre-War Debts.—This question was discussed by Czecho-Slovakian Traders at meetings held on the 4th May and 19th July, at which it was reported that Mr. R. Teltscher had been successful in his efforts to get the Czecho-Slovakian Traders to accept the terms which had been suggested by him at the Conference held in Bradford on the 5th December, 1922, as set out in last year's Annual Report, pages 49/51. It was unanimously agreed to recommend Creditors to press for a settlement of these debts, and to put the debts into the hands of a local lawyer in those cases where the firms had not accepted the terms suggested.

FRANCE.

At the meeting of the Council on the 25th September it was agreed to renew the invitation to the Roubaix and Tourcoing Chambers of Commerce to a Conference in

Bradford, so that the various matters discussed at the Conference which was held in Roubaix in January, 1921, might be further considered to the mutual advantage of Anglo-French Trade. A courteous reply was received later suggesting the postponement of the Conference owing to alterations in the personnel of the Officers and Council of the French Chambers.

GERMANY.

Occupation of the Ruhr.—On the 12th January, the French and Belgian Governments entered upon a more extensive occupation of the Rhineland Provinces of Germany. In doing so, they temporarily suspended the German Customs Tariff, and imposed an import tax of 10 per cent. ad. val. on all material entering the occupied territory. In view of the many difficulties, the President issued a warning to traders through the medium of the Press, and the Chamber took up the matter energetically. The Board of Trade were interviewed on several occasions, and on the 27th March the Council were informed that the import tax of 10 per cent. had been withdrawn, and the old German Tariff restored. The occupation, coupled with passive resistance by the Germans, brought great confusion, and resulted in large quantities of Bradford shipments being temporarily lost or side-tracked on the railways. At the request of the Board of Trade, the Chamber got into communication with the British Representatives of the Rhineland High Commission and correspondence continued almost daily for six months, when these shipments were all traced. The Chamber desires to record its appreciation of the assistance rendered by the British Representatives in the Occupied territory.

Tariff.—The question of the proposed alteration in the German Tariff, which would mean an increase in the duties on certain classes of yarn largely exported from

this district to Germany was discussed at a Meeting of the Wool Top, Noil and Yarn Section, held on the 18th May. Representations were made to the Board of Trade, and a Deputation waited upon the Head of the Commercial Relations and Treaties Department on the 30th May, when they were promised the matter should be taken up with the German Government through the Foreign Office.

INDIA.

Bombay and Karachi Freight Rates.—Referring to the paragraph in last year's Annual Report, page 63, it was reported to the Chamber during the course of the year that the Agreement was not being carried out, as the Conference Lines were continuing to charge 65s. per ton instead of 50s. per ton for freight on Bradford piece goods, as stipulated for in the Agreement, and representations were accordingly made to the Conference Lines. On the 18th December, an interview took place between representatives of the Manchester and Bradford Chambers of Commerce and representatives of the Conference Lines and the negotiations were still continuing at the close of the year.

JUGO-SLAVIA.

Pre-War Debts.—At a Meeting of Jugo-Slavian traders, held 12th January, it was reported that the S.H.S. Government had passed a law for the liquidation of the Moratorium Law by which their nationals could discharge sterling liabilities by paying 26 dinars to the £, practically the pre-war rate of exchange, and the following resolution was unanimously adopted:—

“ That this meeting of Traders having pre-war debts outstanding in Jugo-Slavia protests strongly against the action of the S.H.S. Government in arbitrarily fixing the rate of exchange in the liquidation of the Moratorium Law at 26 dinars to the pound sterling, and further, that H.M. Government be requested to take up this question with

the S.H.S. Government with a view to an equitable settlement of pre-war indebtedness.”

A similar resolution was submitted to the Quarterly Meeting of the Association of British Chambers of Commerce on the 17th January, and unanimously adopted. Following these, representations were made to His Majesty's Government.

POLAND.

A meeting of Polish Traders was held on the 27th April, when an address was given by Mr. R. Kimens, H.B.M. Commercial Secretary at Warsaw. Mr. Kimens explained the position of affairs in Poland, and reported that economically a considerable improvement had taken place. The value of Polish exports exceeded the value of their imports, and considerable further development was anticipated. He thought that in about two years' time the Polish Government would be able to balance their expenditure with their income. His services were entirely at the disposal of traders, and he would be only too glad to be of any possible assistance.

ROUMANIA.

Post-War Debts.—Negotiations in regard to debts owing by Roumanian Traders were continued, and on the 20th March a meeting of Roumanian traders adopted a scheme for the settlement of these debts for a period of from 12 to 20 years, the London, Manchester and Nottingham Chambers having previously agreed to same.

On the 2nd June, the Roumanian Government passed a law which was supposed to give effect to the agreement, but this was found to differ so materially that a deputation waited upon the Roumanian Minister in London, and pressed for an alteration in this law, and a promise was given that this would be fulfilled. On the 14th December

a further amendment was passed giving effect to the agreement, but the amendment contains one or two clauses which are opposed to the spirit of the arrangement. Therefore the Chamber has taken this matter again to the Roumanian Minister, and further negotiations are proceeding.

Taxation of Commercial Travellers Abroad.—The attention of the Council having been called to the annoying restrictions and unnecessary cost caused to British commercial travellers visiting the Colonies and foreign countries, and to the heavy expense imposed by many countries in the shape of licences on British commercial travellers, it was agreed to place the following resolution on the agenda of the next Quarterly Meeting of the Association of the British Chambers of Commerce, to be held in Birmingham in January, 1924:—

“ That the Association of British Chambers of Commerce strongly urges His Majesty’s Government, in view of the much needed restoration and development of our Overseas Trade, to make every endeavour to bring about the removal of Taxes on British Commercial Travellers entering the Dominions and other parts of the British Empire and foreign countries.”

Dominions Customs Duties on British Catalogues, &c.—The following resolution which had been adopted by the Imperial Economic Conference on the 24th October, was submitted to the Council of the Chamber at its meeting on the 27th November, and approved:—

“ The Conference proposed that, where freer admission of catalogues and price lists is not provided for, single copies of trade catalogues and price lists of firms having an established place of business within the Empire, sent by post, or with consignments of goods, from any part of the British Empire, should be admitted free of duty, provided that they are the trade catalogues or price lists of firms or persons having no established place of business in the territory to which they are sent.”

Visitors from Overseas.—During the year the following visitors from overseas visited Bradford on the under-mentioned dates, when they interviewed firms interested in Trade in the countries from which they came, and were able to furnish valuable information:—

Mr. R. Kimens, C.M.G., H.B.M. Commercial Secretary, Warsaw—April 27th.

Mr. R. M. D. Turner, H.B.M. Commercial Secretary in Copenhagen—June 18th.

Capt. E. Murray Harvey, O.B.E., H.B.M. Commercial Secretary in Belgrade—September 27th.

The Rt. Hon. S. M. Bruce, Premier of Australia—December 6th.

The Rt. Hon. W. F. Massey, Premier of New Zealand—December 6th.

Major R. McK. Oakley, C.B.E., V.D., Comptroller General of Customs and Chairman of the Tariff Board of the Commonwealth of Australia—December 13th.

Legal and Parliamentary Matters.

Bankruptcy Act.—The question of the necessity of amending the Bankruptcy Laws was considered at Meetings of the Law and Parliamentary Committee and of the Accountants' Section on various dates. The Association of British Chambers of Commerce having appointed a Special Committee to consider the whole question, this Chamber nominated Mr. J. Horace Lockwood, of the firm of Wade, Tetley, Wade & Company, for service thereon.

Several Meetings of this Committee were held during the year, and early in December the Committee issued its report. (See Appendix, page 84).

This Report was submitted to the Council of the Chamber at its Meeting on the 18th December, when it was agreed to place the following resolution on the agenda of the Quarterly Meeting of the Association of British Chambers of Commerce, to be held on the 22nd January, 1924:—

“That this Meeting of the Association of British Chambers of Commerce approves of the Report of the Subcommittee of the Association on the question of amendments to the Bankruptcy Act and strongly urges the Executive of the Association to take all possible steps to have these amendments carried into effect.”

Finance Bill.—A Special Meeting of the Council held on the 6th February, discussed questions likely to arise in connection with the next Finance Bill, and adopted recommendation in regard to:—

E.P.D. and Losses suffered on account of Bad Debts.

Charging of Interest on Arrears of E.P.D.

Corporation Profits Tax.

Super Tax on Undistributed Income of Companies.

Stamp Duty on Transfers.

Taxation of Co-operative Societies, and

General Reduction of Income Tax.

Postal and Telegraphic Matters.

Indian Mails.—Complaints having been received of the late delivery of Indian Mails in Bradford, representations were made to the Postmaster-General, who after enquiries intimated that the Indian Post Office Authorities had been asked to make up a direct mail for Bradford which would thereby ensure earlier delivery in Bradford.

Inland Sample Post.—It having been reported to the Chamber that the discontinuance of the Inland Sample Post was detrimental to British Trade, it being stated that it was cheaper to have a sample packet posted to Berlin and re-directed to Shipley than to send a parcel direct from Bradford to Shipley, representations were accordingly made to the Postmaster-General, but unfortunately without any result.

Keighley Telephone Service.—Complaints having been received from firms in Keighley in the Woollen and Worsted Trade, whose business connections are mostly in Bradford, of the high cost of telephoning to Bradford, each call costing 4d. instead of 1½d., the Postmaster-General was communicated with, and urged to include Keighley in the Bradford Telephone Area, so that calls between the two places might be treated as local calls. A reply was later received from the Postmaster-General expressing his inability to comply with this request.

Postal Conference.—The Chamber received many complaints of the inefficiency and inadequacy of the Postal facilities in Bradford, and Mr. J. H. C. Hodgson, the Chairman of the Postal Committee, interviewed the Bradford Post Master on several occasions during the year. Many suggestions were put forward by Mr. Hodgson with a view to assisting traders, but finding that his representations would not have the desired effect, the

Postal Committee decided to support a suggestion from the Sheffield Chamber that a National Conference be called. A circular letter was therefore sent to all Chambers inviting their co-operation with the Sheffield and Bradford Chambers in their request for a Conference. The Association of British Chambers of Commerce agreed to the request, and arrangements were made for the conference to be held in Birmingham on the 21st January, 1924.

The Chamber decided that the following matters should be brought forward at the Conference:—

- Imperial Penny Postage.
- Abolition of restrictions on the Halfpenny Post.
- Inland Sample Post.
- Half-day and Mid-day closing of Sub-Post Offices.
- Deliveries and Collections.
- Telegraphic Addresses, Private Boxes and Bags.
- Moveable Boxes on Tram Cars.
- Greater employment of Motor Cars for Collections,
etc.

Transport.

Very many questions have, as usual, been dealt with by the Transport Committee of the Chamber, and the Chairman (Mr. F. A. Aykroyd), Deputy Chairman (Mr. J. R. Pollit), and members of the Committee have been most assiduous in looking after the interests of members on this important matter.

Local Joint Committees.—One question of vital importance that has been dealt with has arisen out of the Railways Act, 1921, and relates to the establishment of Local Joint Committees.

It transpired that a properly constituted body holding a Certificate of the Board of Trade was entitled to make application to the Railway Rates Tribunal for the establishment of such Committees, and an application was thereupon made by the Chamber. This led to the whole question of the constitution and functions of such bodies being considered, and the matter was taken in hand by the Association of British Chambers of Commerce in London, who convened a Conference with prominent and authoritative representatives of the Railway Companies, and this Conference was attended by representatives of all Chambers of Commerce in the Kingdom.

Following upon that Conference negotiations were continued, and eventually a scheme was finally accepted by both parties. (See Appendix, page 91).

The whole country has been divided into areas, and the Bradford area extends as far North as Skipton and as far South as Denby Dale. In other words practically the whole worsted, woollen and heavy woollen district is covered by the Bradford Committee.

Up to the end of the year the Traders' Panel had not been definitely formed, but this will be accomplished at the earliest possible time in the new year, after which it is hoped that these Local Joint Committees will be able to deal effectively with local transport difficulties and grievances, and it is eagerly anticipated that such difficulties and grievances will be smoothed over in a way such as has hitherto been impossible.

Bradford and Harrogate Train Service.—Energetic efforts were made by the Transport Committee to effect a more efficient service between these two places, and several communications were sent to the L. & N.E. Railway Company urging the employment of larger and more powerful engines, and emphasising the necessity

for the provision of more modern carriages and lighting arrangements. So far, however, nothing definite or tangible has resulted, but members who are affected can rest assured that everything possible will be done to bring about this much over-due improvement.

City Road Coal Drops.—This matter, which affects perhaps only a few of the members of the Chamber, is nevertheless of extreme importance to those who are constant users of these coal drops, and in their interests a conference was held at which Mr. J. W. Faulkner (who is the Chief Goods Superintendent of the L. & N.E. Railway, North Division) attended, and the inadequacy of these coal drops was promptly put before him and an urgent appeal made for not only an improvement, but an entirely new set of coal drops to be built.

Mr. Faulkner, on behalf of the Company, stated that they were thoroughly alive to the position, and that he would do his best with them to have the alterations urged put forward.

Terms and Conditions of Carriage.—This important question was pursued by the Committee and at a meeting in the early part of the year a report regarding Terms and Conditions governing the carriage of merchandise by goods train was furnished by the Committee's representatives (Mr. James Ewing and Mr. B. Leach) from which it was apparent that the Committee had worked on sound and practical lines in the interests of the members by urging radical alterations to the original proposals of the Railway Companies.

The precise nature of the Terms and Conditions as agreed, are too lengthy to print here, but the main items are given on page 93 of the Appendix.

Members are, therefore, to be congratulated that most of the suggestions which the Transport Committee urged have been incorporated in the Terms and Conditions authorised by the Railway Rates Tribunal.

Erection of a New Platform at Shipley.—The disability under which travellers from this district suffer in consequence of the necessity of having to go to Leeds, Skipton or Hellifield in order to travel to Scotland was brought up at a meeting of the Transport Committee and a communication was sent to the General Manager of the London, Midland & Scottish Railway Company calling attention to the suggestion which had been made for the erection of a new platform at Shipley.

When the delegation from the Chamber visited the Port of London Docks, Sir Henry Whitehead discussed this question with the General Manager of the London Midland and Scottish Railway, and further pointed out to this gentleman that the provision of a platform on the main line at Shipley would enable Bradford passengers for London to join the through trains at Shipley. Mr. (now Sir) Arthur Watson promised to bring the subject before his Board of Directors, and there is reason to believe that the matter will, if practicable, be taken up by the Railway Company.

General Revision of Railway Rates.—Under the Railways Act of 1921, provision is made for a revision of the entire Rate Books of the various Railway Groups and Companies of this country and as such a revision has not taken place in this country since 1888-94 it is a matter of extreme importance to the trading community that such a revision should not enhance the burdens that they are already called upon to bear.

The fixing of the new Rates means that whatever Rates are agreed upon shall remain for a considerable

time, and in view of the provision in the Act affording traders every possible facility to stress their own cases where they consider Rates too high, it is incumbent upon the traders to take advantage of these facilities. Accordingly the Transport Committee recommended the calling of a public meeting, which was held in June, in the Mechanics' Institute, and it was attended by representatives of all the Chambers of Commerce throughout the West Riding and most of the Trading Federations, when the case was put before the meeting by the Chairman (Sir Henry Whitehead) and Mr. F. A. Aykroyd. It was eventually decided to call a further meeting, and this was held later in the year, when it was finally decided to form "The West Riding Traders' Railway Committee," the central office being at the Bradford Chamber of Commerce, the Secretary being Mr. B. Leach.

A Certificate has been obtained from the Board of Trade which constitutes the Committee as a competent representative body. A definite objection has been lodged against the proposed Standard Charges submitted by the Railway Companies, and thus Traders are assured of the facility for their case being put forward.

A qualified Transport Officer has been appointed (Mr. Ernest A. Hilder), with offices at 182 and 183 Swan Arcade, Tel. 7019, and energetic steps are being taken to ensure the adequate safeguarding of the interests covered.

No trader can afford to ignore the question of his traffic charges, and the Committee has been specially formed to organise all the available forces so as to be able to speak with authority and procure the maximum benefits for those whose interests it represents.

Miscellaneous.

West Riding Chambers of Commerce Joint Committee.—On the 17th January, a well attended Meeting thoroughly representative of the West Riding Chambers of Commerce was convened in London in connection with the Quarterly Meeting of the Association of British Chambers of Commerce, when the suggestion was put forward and unanimously agreed to that a Joint Committee of West Riding Chambers interested in the Woollen and Worsted Industry should be formed to discuss matters of common interest. At this Meeting the questions of attendances at Board of Trade Conferences and of the Local Joint Committees under the Railways Act of 1921 were discussed.

At a further meeting held in Bradford on the 14th February, the Committee was duly formed, when Sir Henry Whitehead, J.P., was unanimously elected Chairman and the following were elected an Executive Committee:—

Sir Henry Whitehead, J.P., President, Bradford Chamber of Commerce, Chairman.

Mr. David Little, President, Leeds Chamber of Commerce.

Mr. A. Vickerman Priestley, Ex-President, Huddersfield Chamber of Commerce.

Further meetings were held at which the question of the Railways Act was again discussed.

Royal National Lifeboat Institution.—Referring to the paragraph in the last Annual Report, page 91, intimating that the sum of £10,000 had been subscribed in order to provide a new “City of Bradford” motor lifeboat and boat-house at Spurn Head, a letter was read at

the January Meeting of the Council conveying the thanks of the Institution for the generous support provided by Bradford.

Esperanto.—At a Meeting of the Council on the 30th January, Mr. J. T. Holmes was appointed to represent the Chamber at an International Conference on Esperanto to be held in Venice on April 2nd, and at the Council Meeting on the 29th May, Mr. Holmes' report of the Conference was submitted.

Business Credit Department.—The Yarn and Piece Merchants' Sections, at a meeting on the 27th February, discussed the question of the advisability of adopting a scheme whereby information could be tabulated concerning firms whose accounts were overdue, to be communicated confidentially to members participating in the Scheme.

After some discussion a Committee was appointed to consider the practicability of such a Scheme. At a further meeting held on the 23rd March, the Scheme as drafted by the Committee was submitted and adopted for a period of one year, which the Council confirmed same at its Meeting on the 27th March.

This decision having been communicated to the members of the Chamber, 165 intimated their desire to participate, and the Scheme was accordingly inaugurated as and from the 1st July. Since then it has worked satisfactorily, and many members have individually testified to the valuable service the Department has rendered by reason of the fact that many bad debts have been avoided.

The department, however, would be of far greater value if a larger number of firms would participate.

British Empire Exhibition, London, 1924.—At the Council Meeting on the 27th March, the President intimated that he had been approached in connection with the formation of a collective exhibit representing the Wool and Wool Manufacturing Industry at the forthcoming Exhibition to be held at Wembley Park in 1924.

The President said that through some misunderstanding the Chamber had not been previously approached although it had been instrumental in raising guarantees towards the expenses of the Exhibition to the extent of £23,000.

At a Special Meeting, held on the 20th April, which was attended by Members of the Council of the Bradford Chamber, representatives of other Chambers of Commerce in the West Riding and of firms who had agreed to exhibit on their own account, the question was discussed, when the following resolution was unanimously adopted:—

“That it be a recommendation to the Trade that a process exhibit form part of the wool textile trade exhibit at the British Empire Exhibition, London, 1924.”

The question of a joint exhibit was discussed at a meeting of representatives of the West Riding Chambers of Commerce, held on the 1st May, when the proposal to organise an exhibit was approved, and it was agreed to refer the matter for further consideration to the individual Chambers. The result of these representations, however, was fruitless, and no support was accordingly forthcoming.

It was felt, however, that it was absolutely necessary that a representative exhibit should be organised in connection with this most important Exhibition, and the Chamber accordingly decided to proceed with the matter, although it was estimated that it would cost about

£10,000. The necessary space was secured and a Committee appointed to organise the exhibit.

The Chamber has secured 5,000 square feet, and the exhibit has been arranged on the following lines:—

A still exhibit from the raw material to yarn ready for weaving.

Looms in operation weaving dyed yarns, etc.

A mannequin parlour, in which there will be three parades of mannequins daily.

In addition there will be cases placed round the exhibit displaying fabrics made in Bradford. Also all the decorative materials, carpets, etc., will be of West Riding production.

An appeal to the members of the Chamber has only produced £5,022 3s., so that a good deal remains to be done to provide for the necessary outlay. Your Council hope that the members of the Chamber will see the importance of this undertaking, which undoubtedly is the finest opportunity for advertising Bradford goods that has occurred for many years. The Exhibition will be one of the largest ever held, and will be attended by visitors from all parts of the world, large contingents particularly coming from the Overseas Dominions. They once more appeal to the members to accord them the necessary financial support.

The Weavers' Company having undertaken to organise a Panel to act as Textile Jurors, they invited the Chamber to appoint a gentleman to serve on a Committee for the purpose of selecting gentlemen to act on Textile Juries in connection with this Exhibition, and the Council nominated the President for this purpose.

Visit to the London Docks.—On the invitation of the Port of London Authority, a party of about 70, consisting

of Members of the Chamber of Commerce and of the British Wool Federation, visited the London Docks on Friday, the 13th July. The party met at Westminster Pier, and sailed down the river past several miles of wharves to the Tobacco Warehouse at the Royal Victoria Dock. Here they were received by Mr. M. G. Matthews, the Assistant Docks and Warehouse Manager, who conducted them over the Warehouses. Luncheon was served in the Tobacco Warehouse Offices, when Sir George Saltmarsh, a member of the Port of London Authority, presided.

At the Luncheon the Chairman explained to the visitors the capacity of the port.

The President of the Chamber (Sir Henry Whitehead, J.P.) and the President of the British Wool Federation (Mr. Walter Andrews) responded on behalf of the visitors.

Imperial Economic Conference.—At Meetings of the Council on the 14th June and 12th September, the question of suitable subjects which it was suggested should be submitted to His Majesty's Government with a view to discussion at the Imperial Economic Conference to be held in October, was discussed.

It was intimated that the Association of British Chambers of Commerce had already submitted for consideration:—

- (1) Ways and Means for the fuller development of the Natural Resources of the Dominions and the Colonies.
- (2) Inter-Imperial Commerce, Shipping and Communications generally.
- (3) Co-ordinated action for the improvement of technical research.
- (4) The organisation of economic intelligence.
- (5) The unification of law or practice in the Empire in certain matters affecting Trade Development.

The Council of the Bradford Chamber suggested:—

- (1) The desirability of encouraging the development of Cotton Growing in the Empire.
- (2) The desirability of an increase in the growing of merino wool.
- (3) Afforestation and growth of timber.
- (4) Re-establishment of a weekly mail service between this country and Australia.
- (5) Reduction of freights to the lowest possible minimum.
- (6) Unification of Commercial Trade Marks and Bankruptcy Laws of the Empire.
- (7) The unification of customs classifications for tariff purposes, and the unification of Certificates of Origin.
- (8) Stabilisation of currency and the parity of exchange within the Empire.
- (9) Desirability of imposing an export tax on all raw materials of which the Empire had a monopoly, exported to countries outside the Empire.

Reparations.—A Deputation from the West Riding Chambers of Commerce, consisting of:—

Sir Henry Whitehead, J.P. (President of the Bradford Chamber),

Mr. David Little (President of the Leeds Chamber),

Mr. A. Vickerman Priestley (Past President of the Huddersfield Chamber),

Mr. F. A. Aykroyd,

Sir W. E. B. Priestley, J.P.,

Mr. H. Sutcliffe Smith,

waited upon the Rt. Hon. Sir Philip Lloyd Greame, K.B.E., M.P. (President of the Board of Trade), on the 4th July.

At this Deputation Sir Henry Whitehead and other speakers explained how the non-settlement of this question was interfering with British Industries, and particularly with the Woollen and Worsted Industry of the West Riding, and urged the earliest possible settlement of this important question. Such a settlement would no doubt

bring about a stabilisation of the various European exchanges, and enable trade with the Continent to be resumed. The Deputation received a favourable reception.

Bribery and Secret Commissions.—At the Meeting of the Council, held 26th June, Mr. H. Sutcliffe Smith reported attending, whilst in London, the Annual Meeting of the Bribery and Secret Commissions Prevention League, which was doing good work in the interests of purity of trade, and it was unanimously agreed to continue the Chamber's support to the League.

Manchester and Bradford Golf Match.—Following up a suggestion which had been made the Council, at its Meeting on the 31st July, sent an invitation to the Manchester Chamber of Commerce suggesting that a number of the members of that Chamber should come over to Bradford and play a game of golf with members of the Bradford Chamber. This would give the members a unique opportunity for social intercourse which would no doubt be beneficial.

Accordingly this Match was played on the links of the Bradford Golf Club at Hawkesworth, on Wednesday, the 3rd October, when Sir Henry Whitehead entertained the visitors to lunch.

At the Meeting of the Council on the 30th October a letter was read from the Manchester Chamber, forwarding the following resolution which had been adopted by their Directors:—

“The Board of Directors of the Manchester Chamber of Commerce resolves that the best thanks of the Board be and are hereby tendered to the Bradford Chamber of Commerce for their invitation to visit Bradford on October 3rd and to Sir Henry Whitehead, President of the Bradford Chamber, for his generous hospitality on that occasion. The Man-

chester Chamber gladly welcomes this endeavour to increase the mutual co-operation between the two Chambers, which they will always do their best to promote. It is also resolved to invite the Bradford Chamber of Commerce to pay a return visit upon some date to be arranged."

Fraudulent Trading.—The attention of the Council was called, at its meeting on the 25th September, to the institution of "The Textile Trades Association for the Prevention of Fraudulent Trading," a thoroughly representative Body of the various branches of the Textile Trade. The objects of this Association are to take all possible steps to prevent fraudulent trading by means of securing amendments to the Bankruptcy Laws of the country, and by the prosecution of fraudulent traders in cases where sufficient evidence could be obtained and the Public Prosecutor could not be induced to undertake the prosecution.

It was agreed to render this Association every possible assistance.

Visit to Manchester Docks.—On the invitation of the Manchester Ship Canal Company a representative party of members of the Chamber, and of the British Wool Federation, visited the Manchester Docks on the 28th November, when the visitors were shown over the Canal Company's Docks, and the wool and other warehouses at Trafford Park.

Later the Company entertained the visitors to Luncheon at the Midland Hotel, when the capacities of the Manchester Docks was explained by the Chairman of the Canal Company (Capt. Bacon), and Sir Henry Whitehead, J.P. (President of the Chamber), and Mr. Walter Andrews (President of the British Wool Federation) expressed the thanks of the visitors.

Government Expenditure.—The following resolution on this subject, which had been adopted by the Executive Council of the Association of British Chambers of Commerce, was submitted to the Council of the Bradford Chamber at its meeting on the 27th November, and approved:—

“ That the Association should draw the attention of the taxpayer to the report of Sir Alan Garrett Anderson’s Committee on the conditions of employment in the State Services (September, 1923) in which it was stated that in nine years the annual pay roll of the Civil Service alone has increased by £44 millions that ‘there must be great accretions of unnecessary work,’ and that ‘duties which need never have been imposed or have long since lost their value, employ staff who till have to be paid.’ This Association respectfully requests Parliament to investigate the matter, with the object of abolishing expenditure caused by ‘unnecessary work’ and ‘duties which long since lost their value.’ ”

Proposed West Riding Electricity Authority.—The attention of the Chamber having been called to the suggested constitution of the proposed West Riding (Aire and Calder) Electricity District and incorporation of a Joint Electricity Authority, it was agreed to make representations to the Electricity Commission, requesting that Users should be represented on the proposed new Electrical Authority.

An Inquiry was to have been held in Bradford on the 4th December, but was postponed *sine die*.

British Medical Association.—At a Meeting of the Council on the 27th November, Mr. J. R. Pollit was appointed the Chamber’s representative on the General Committee which was being organised to arrange for the visit of the British Medical Association, to be held in Bradford in July, 1924.

Association of British Chambers of Commerce.—

The Quarterly Meeting of this Association was held in London on 17th January, when 16 resolutions on a variety of subjects were submitted and discussed.

The following special resolution regarding Jugo-Slavian Pre-war Debts was, by permission, submitted by the Bradford Chamber, seconded by the London Chamber, and unanimously adopted:—

“That this Meeting of the Association of British Chambers of Commerce protests strongly against the action of S.H.S. Government in arbitrarily fixing the rate of exchange in the liquidation of the Moratorium Law at 26 dinars to the pound sterling, and further that His Majesty's Government be requested to exert greater and immediate pressure on the S.H.S. Government with a view to an equitable settlement of pre-war indebtedness.”

The Bradford Chamber was represented at this meeting by:—

Sir Henry Whitehead, J.P., President.
 Mr. F. A. Aykroyd, Senior Vice-President.
 Sir W. E. B. Priestley, J.P., Junior Vice-President.
 Mr. W. T. Butterfield, F.C.A., Hon. Auditor.
 Sir Francis Watson, J.P.
 Lieut.-Col. the Hon. F. V. Willey.
 Mr. W. H. Shaw.
 Mr. H. Sutcliffe Smith.
 Mr. P. Anderson, F.C.I.S., Secretary.

The Annual Meeting was held in London on the 18th and 19th April, when a Programme of 28 resolutions was submitted.

The Chamber's representatives were:—

Sir Henry Whitehead, J.P., President.
 Mr. F. A. Aykroyd, Senior Vice-President.
 Sir W. E. B. Priestley, J.P., Junior Vice-President.

Mr. W. T. Butterfield, F.C.A., Hon. Auditor.

Mr. H. H. Spencer, M.P.

Mr. Dudley G. Ackroyd.

Mr. W. H. Arnold-Forster, J.P.

Mr. W. H. Shaw.

Mr. J. H. C. Hodgson.

Mr. P. Anderson, F.C.I.S., Secretary.

The Annual Banquet was held on the 18th April, and the principal guest was H.R.H. the Prince of Wales, K.G., while other guests included His Excellency The Marchese della Torretta (Italian Ambassador), the Rt. Hon. the Earl of Derby, K.G. (Secretary of State for War), the Rt. Hon. Sir Philip Lloyd-Greame, K.B.E., M.P. (President of the Board of Trade), the Rt. Hon. Sir William Joynson-Hicks, Bart., M.P. (His Majesty's Postmaster-General), the Rt. Hon. Sir C. A. Montague Barlow, K.B.E., M.P. (Minister of Labour), the Hon. H. S. W. Lawson (Premier of Victoria), the Most Noble the Marquis of Linlithgow (Civil Lord of the Admiralty).

The second Quarterly Meeting was held in London on the 5th July, when 20 resolutions were submitted and discussed.

The Bradford Chamber was represented by:—

Sir Henry Whitehead, J.P., President.

Mr. F. A. Aykroyd, Senior Vice-President.

Sir W. E. B. Priestley, J.P., Junior Vice-President.

Mr. H. Sutcliffe Smith, Past President.

Mr. E. C. Behrens.

Mr. J. H. Halliday.

Mr. J. R. Pollit.

Mr. J. H. C. Hodgson.

Mr. P. Anderson, F.C.I.S., Secretary.

The Third Quarterly Meeting was held in London on the 24th October, when 25 resolutions were submitted and adopted:—

The Chamber was represented by:—

Sir Henry Whitehead, J.P., President.

Mr. F. A. Aykroyd, Senior Vice-President.

Sir W. E. B. Priestley, J.P., Junior Vice-President.

Mr. Dudley G. Ackroyd.

Mr. Walter Andrews.

Mr. James D. Law.

Mr. J. H. C. Hodgson.

Mr. H. H. Spencer, M.P.

Mr. P. Anderson, F.C.I.S., Secretary.

The Executive Council of the Association consulted the various Chambers as to the desirability of curtailing the Meetings of the Association to three instead of four as formerly, and this suggestion was approved by the Council of the Bradford Chamber at its meeting on the 30th October.

British Imperial Council of Commerce.—The Ninth Annual Meeting of this body was held in London on the 13th June, when the Annual Report for the year was submitted and approved and arrangements made for the Tenth Annual Congress of Chambers of Commerce of the British Empire, to be held in London in 1924. This Meeting was attended by Mr. J. R. Pollitt on behalf of the Bradford Chamber.

International Chamber of Commerce.—The outstanding feature of the work of the International Chamber of Commerce was the Second Congress, held in Rome from the 16th to the 31st March, when a number of questions of international interest were discussed, including:—

Commercial Arbitration.
Double Taxation.
Bills of Exchange.
Protection of Industrial Property.
Customs Questions.
International Statistics.
Through Freight Trains.
Bills of Lading.

The Congress was attended by Mr. James D. Law and Mr. Ralph Law as the representatives of this Chamber.

Board of Trade Conferences.—At a Meeting of Representatives of the West Riding Chambers of Commerce convened by Sir Henry Whitehead, held in London on the 17th January, he reported that an important Deputation to a Government Department from the Association of British Chambers of Commerce, dealing with a matter of great interest to the West Riding Textile Industry, had taken place, but no intimation of the Deputation had been received by the Bradford Chamber.

The representatives had the opportunity of conferring with the President of the Association (Sir Arthur Shirley Benn) and the President-Elect (Mr. (now Sir) Arthur Balfour), when it was arranged that notice of all such Deputations should be sent to the Bradford Chamber in the future.

APPENDIX No. 1.

CANADIAN BANK ACT.

86. The bank may acquire and hold any warehouse receipt or bill of lading as collateral security for the payment of any debt incurred in its favour, or as security for any liability incurred by it for any person, in the course of its banking business.

2. Any warehouse receipt or bill of lading so acquired shall vest in the bank, from the date of the acquisition thereof :—

- (a) All the right and title to such warehouse receipt or bill of lading and to the goods covered thereby of the previous holder or owner thereof; or,
- (b) All the right and title to the goods, wares and merchandise mentioned therein of the person from whom such goods, wares and merchandise were received or acquired by the bank, if the warehouse receipt or bill of lading is made directly in favour of the bank, instead of to the previous holder or owner of such goods, wares and merchandise. 1913, c.9, s.86.

87. If the previous holder of such warehouse receipt or bill of lading is any person—

- (a) Entrusted with the possession of the goods, wares and merchandise mentioned therein, by or by the authority of the owner thereof; or,
- (b) To whom such goods, wares and merchandise are, by or by the authority of the owner thereof, consigned; or,
- (c) Who, by or by the authority of the owner of such goods, wares, and merchandise, is possessed of any bill of lading, receipt, order or other document covering the same, such as is used in the course of business as proof of the possession or control of goods, wares and merchandise, or as authorising or purporting to authorise, either by endorsement or by delivery, the possessor of such a document to transfer or receive the goods, wares and merchandise thereby represented;

the bank shall be, upon the acquisition of such warehouse receipt or bill of lading, vested with all the right and title of the owner of such goods, wares and merchandise, subject to the right of the owner to have the same retransferred to him if the debt or liability, as security for which such warehouse receipt or bill of lading is held by the bank, is paid.

2. Any person shall be deemed to be the possessor of such goods, wares and merchandise, bill of lading receipt, order or other document as aforesaid—

(a) Who is in actual possession thereof; or,

(b) For whom, or subject to whose control such goods, wares, and merchandise are, or bill of lading, receipt, order or other document is held by any other person. 1913, c.9, s.87.

88. The bank may lend money to any wholesale purchaser or shipper of or dealer in products of agriculture, the forest, quarry and mine, or the sea, lakes and rivers, or to any wholesale purchaser or shipper of or dealer in live stock or dead stock or the products thereof, upon the security of such products, or of such live stock or dead stock or the products thereof.

2. The bank may lend money to a farmer upon the security of his threshed grain grown upon the farm.

3. The bank may lend money to any person engaged in business as a wholesale manufacturer of any goods, wares and merchandise, upon the security of the goods, wares and merchandise manufactured by him, or procured for such manufacture.

4. If, with the consent of the bank, the products, goods, wares and merchandise, live stock or dead stock or the products thereof, upon the security of which money has been loaned under the authority of this section, are removed and other products, goods, wares and merchandise, live stock or dead stock or the products thereof of substantially the same character are respectively substituted therefor, then to the extent of the value of the products, goods, wares and merchandise, or live stock or dead stock or the products thereof so removed, the products, goods, wares and merchandise, live stock or dead stock or the products thereof so substituted shall be covered by such security as if

originally covered thereby; but failure to obtain the consent of the bank to any such substitution shall not affect the validity of the security either as respects any products, goods, wares and merchandise, or live stock or dead stock or the products thereof actually substituted as aforesaid or in any other particular.

5. Any such security, as mentioned in the foregoing provisions of this section, may be given by the owner of the said products, goods, wares and merchandise, stock or products thereof, or grain.

6. The security may be taken in the form set forth in Schedule C to this Act, or to the like effect.

7. The bank shall, by virtue of such security, acquire the same rights and powers in respect of the products, goods, wares and merchandise, stock or products thereof, or grain covered thereby as if it had acquired the same by virtue of a warehouse receipt; provided, however, that the wages, salaries or other remuneration of persons employed by any wholesale purchaser, shipper or dealer, by any wholesale manufacturer, or by any farmer in connection with any of the several wholesale businesses referred to, or in connection with the farm, owing in respect of a period not exceeding three months, shall be a charge upon the property covered by the said security in priority to the claim of the bank thereunder, and such wages, salaries or other remuneration shall be paid by the bank if the bank takes possession or in any way disposes of the said security or of the products, goods, wares and merchandise, stock or products thereof, or grain covered thereby.

8.. The bank may lend money to the owner, tenant or occupier of land for the purchase of seed grain upon the security of any crop to be grown from such seed grain.

9. The security taken under sub-section eight of this section may be taken in the form set forth in Schedule D to this Act or in any form to the like effect.

10. The bank shall by virtue of such security acquire a first and preferential lien and claim for the sum secured and interest thereon upon the seed grain purchased and the crop covered by the security, as well before as after the

severance of the crop from the soil, and upon the grain threshed therefrom, and the bank shall by virtue of such security acquire the same rights and powers in respect of such seed grain and of the grain so threshed as if it had acquired such rights and powers by virtue of a warehouse receipt.

11. The bank shall have the right, through its servants or agents, in case of default in payment of the money lent or in case of neglect to care for and harvest the crop, or in case of any attempt to dispose of the crop without the consent of the bank, or in case of the seizure of the crop under process of law, to enter upon the land upon which the crop is grown to take possession of, care for and harvest the crop and thresh the grain therefrom.

12. The bank may lend money to a farmer and to any person engaged in stock raising upon the security of his live stock; provided, however, that such security shall not include and shall be deemed not to include any live stock which at the date of the coming into force of this Act is by any statutory enactment exempt from seizure under writs of execution. The provisions of sub-section 4 of this section, making live stock substituted for live stock removed subject to the security, shall apply to the live stock substituted by the farmer or other person engaged in stock raising. "Live stock" for the purposes of this section means horses and mares, bulls, cows, oxen, bullocks, steers, heifers and calves, sheep and swine and the offspring of any such animals.

13. The security taken under sub-section twelve of this section may be taken in the form set forth in schedule E to this Act or in a form to the like effect.

14. The bank shall by virtue of the security taken under sub-section twelve of this section have full power, right and authority, if the bills or notes therein mentioned or described or any of them are not paid according to their tenor, to enter upon the premises upon which the live stock mentioned in the security are, to take possession of or seizure, to sell such live stock, or such part thereof as may be necessary to realise the amount due and payable, at public auction, not less than five days after—

- (a) Notice of the time and place of such sale has appeared in a newspaper published in or nearest to the place where the sale is to be made, and,
- (b) Posting a notice in writing or in print of the time and place of such sale in or at the post office nearest to the place where the sale is to be made.

15. After all necessary and reasonable expenses in connection with such seizure and sale have been deducted and prior privileges, liens or pledges existing in favour of third parties and for which claims may have been filed with the party making the sale have been satisfied, the balance of the proceeds of the sale shall be applied in payment of the said bills or notes and the surplus if any returned to the grantor. 1913, c.9, s.88; 1915, c.1; 1916, c.10.

88a. Any person intending to give a bank security under the authority of section eighty-eight of this Act must give notice of such intention before any loan is made by the bank to such person and the security taken, by signing a document which may be in the form set out in Schedule F to this Act or to the like effect. Such document shall be registered in the manner hereinafter provided, and, after this section comes into force, any security subsequently taken under the authority of section eighty-eight of this Act, before such document is registered, shall be null and void as against the creditors of such person and as against subsequent purchasers or mortgagees in good faith. A notice of intention when registered shall be deemed to be notice for the purposes of this section in respect of all securities taken by the bank from such person, under said authority, during the period of three years after the date of registration.

2. The document mentioned in the last preceding subsection shall be registered in the office of the Assistant Receiver General (hereinafter called the Assistant Receiver) in the province in which the place of business, or principal place of business in case the person has more than one place of business, of the person is situate. If the person has no place of business then the document shall be registered in the office of the Assistant Receiver in the province in which such person resides. "Place of business" and "principal place of business" shall, in the case of a company incorporated in Canada, be deemed to be the place where

the head office or chief place of business of the company is situate, or if a foreign corporation, then the place of business of such corporation for the purposes of this section shall be the place at which civil process in the province in which the loan is made can be served upon the company. "Assistant Receiver" in this section includes anyone acting for the Assistant Receiver.

3. The Assistant Receiver shall number consecutively every notice received by him and shall endorse thereon the number and the hour and date of receiving it, and shall file the notice and enter, in alphabetical order, in a book to be kept by him, the name of every person who has given notice of such intention, with the number endorsed thereon opposite to each name. The Assistant Receiver shall endorse over his signature on a copy of the document to be supplied by the bank, for the records of the bank, the date of registration and number, and the production of the copy with such endorsement and signature shall be conclusive evidence in all courts of the registration and of the time of registration as thereon endorsed.

4. The notice of intention may be cancelled by the Assistant Receiver in the book containing such registration at the place where the registration is entered on receipt by him from the bank named in the document registered of a certificate duly signed on behalf of the bank to the effect that each and every security under Section 88 given to the bank by the person has been released, or that no security was given to the bank, as the case may be, and such certificate shall bear on the face thereof the number and date endorsed on the original document on file in the office of the Assistant Receiver. The Assistant Receiver shall number consecutively every release received by him and shall endorse thereon the number and hour and date of its receipt and shall file the release.

5. Every person, upon payment of the proper fees, shall have access to and be entitled to inspect the registration book and any document registered or filed pursuant to this section.

6. For services under this Act, the Assistant Receiver shall be entitled to the following fees, for which he shall be accountable to the Consolidated Revenue Fund :—

For registration of each notice and endorsation of copy over signature	25c.
For production of registration book for inspection...	25c.
For production of any notice for inspection	25c.
For registration of each certificate of release ...	25c.

7. This section shall come into force on the first day of August, nineteen hundred and twenty three. New.

89. If goods, wares and merchandise are manufactured or produced from the goods, wares and merchandise, or any of them, included in or covered by any warehouse receipt, or included in or covered by any security given under Section 88 of this Act, while so covered, the bank holding such warehouse receipt or security shall hold or continue to hold such goods, wares and merchandise, during the process and after the completion of such manufacture or production, with same right and title, and for the same purposes and upon the same conditions, as it held or could have held the original goods, wares and merchandise.

2. All advances made on the security of any bill of lading or warehouse receipt, or of any security given under Section 88 of this Act, shall give to the bank making the advances a claim for the repayment of the advances on the products or stock, goods, wares and merchandise therein mentioned, or into which they have been converted, prior to and by preference over the claim of any unpaid vendor. Provided that such preference shall not be given over the claim of any unpaid vendor who had a lien upon the products or stock, goods, wares and merchandise at the time of the acquisition by the bank of such warehouse receipt, bill of lading, or security, unless the same was acquired without knowledge on the part of the bank of such lien.

3. In the event of the non-payment at maturity of any debt or liability secured by a warehouse receipt or bill of lading, or secured by any security given under Section 88 of this Act, the bank may sell the products or stock, goods, wares and merchandise or grain, mentioned therein, or so much thereof as will suffice to pay such debt or liability with interest and expenses, returning the surplus, if any, to the person from whom the warehouse receipt, bill of lading, or security, or the products or stock, goods, wares and

merchandise or grain mentioned therein, as the case may be, were acquired. Provided that such power of sale shall be exercised subject to the following provisions, namely:—

- (a) No sale, without the consent in writing of the owner of any products of the forest shall be made under this Act until notice of the time and place of such sale has been given by a registered letter, mailed in the post office, post paid, to the last known address of the pledgor thereof, at least thirty days prior to the sale thereof;
 - (b) No such products or stock, other than products of the forest, and no goods, wares and merchandise, and no grain, shall be sold by the bank under this Act without the consent of the owner, until notice of the time and place of sale has been given by a registered letter, mailed in the post office, post paid, to the last known address of the pledgor thereof, at least ten days prior to the sale thereof.
 - (c) Every sale, under such power of sale, without the consent of the owner, shall be made by public auction, after notice thereof by advertisement, in at least two newspapers published in or nearest to the place where the sale is to be made, stating the time and place thereof; and, if the sale is in the province of Quebec, then at least one of such newspapers shall be a newspaper published in the English language, and one other such newspaper published in the French language. 1913, c.9, s.89. Am.

APPENDIX No. 2.

**THE ASSOCIATION OF BRITISH CHAMBERS
OF COMMERCE.**

COMMITTEE ON THE BANKRUPTCY ACTS.

REPORT.

Members of the Committee :

Sir James Martin, J.P., Chairman, Finance and Taxation
Committee (*Chairman*).

Mr. H. H. Spencer, M.P. (Bradford) (*Hon. Secretary*).

Mr. J. H. Lockwood (Bradford).

Mr. G. Henry Wright, F.C.I.S. (Birmingham).

Mr. Howard Clay, J.P. (Halifax).

Mr. T. W. Benson (Halifax).

Mr. H. Dawson, J.P. (Huddersfield).

Mr. J. H. Fisher, J.P. (Hull).

Mr. C. Hewetson Nelson, J.P. (Liverpool).

Mr. Sidney S. Dawson, J.P. (Liverpool).

Mr. J. E. Corby (London).

Colonel J. Nall, D.S.O., M.P. (Manchester).

The above Committee was appointed by the Executive Council of the Association of British Chambers of Commerce to consider the terms of the following resolution passed at the Quarterly Meeting of the Association, held on the 17th January, 1923, and to advise thereon :

“ As it is felt that the members of the trading community are not receiving the protection which the provisions of the Bankruptcy Acts were intended to afford, it is desired that the Association of British Chambers of Commerce should appoint a Sub-Committee :

“ (a) To consider to what extent the Bankruptcy Acts can be amended so as to afford better protection to the trading community.

“ (b) To consider the desirability of representations being put forward to His Majesty's Government pressing that all offences under the present or future Bankruptcy

Acts should be dealt with by the Public Prosecutor at the public expense, but that initiatory powers in prosecution should lie with the official receiver."

The Committee have held three meetings for the consideration of the matters involved and for the drafting of the report.

The Committee are pleased to state that they have had the benefit at their deliberations of the presence of Mr. H. F. Carlill, Inspector General in Bankruptcy of the Board of Trade, who attended at the invitation of the Chairman of the Committee. The Committee desire to record their appreciation of, and their thanks for, his attendance and the help which he has given to them.

The Committee have given consideration to a number of valuable suggestions which have been brought to their notice by Mr. H. Dawson (Huddersfield); Mr. Sidney S. Dawson (Liverpool); Mr. J. H. Lockwood (Bradford); the Leicester Chamber of Commerce, and to the report of the Joint Committee on Fraudulent Trading adopted by a conference of representatives of organisations in the Textile Trade held at the London Chamber of Commerce on the 3rd July, 1923, as well as to certain suggestions from the National Federation of Builders' Merchants Associations.

DECISIONS.

The Committee have come to the conclusion that the losses sustained by the trading community in connection with Bankruptcy and other insolvency are swollen by fraudulent, hazardous and speculative trading, and are of opinion that the Bankruptcy Acts require further amendment in the following particulars:—

1. *Section 154 of the Bankruptcy Act, 1914.*

The Committee consider that the period of six months, within which a person if he commits the offences set out in the sub-sections of Section 154 of the Bankruptcy Act, 1914, shall be guilty of a misdemeanour, should be altered in each case to twelve months.

The following are the sub-sections referred to, and the word "six" in each case should be altered to "twelve."

Sub-Section

(4) If, after the presentation of a bankruptcy petition by or against him, or within *six* months next before such presentation, he conceals any part of his property to the value of ten pounds or upwards or conceals any debt due to or from him, unless he proves that he had no intent to defraud :

(5) If, after the presentation of a bankruptcy petition by or against him, or within *six* months next before such presentation, he fraudulently removes any part of his property to the value of ten pounds or upwards :

(9) If, after the presentation of a bankruptcy petition by or against him, or within *six* months next before such presentation, he conceals, destroys, mutilates, or falsifies, or is privy to the concealment, destruction, mutilation or falsification of any book or document affecting or relating to his property or affairs, unless he proves that he had no intent to conceal the state of his affairs or to defeat the law :

(10) If, after the presentation of a bankruptcy petition by or against him, or within *six* months next before such presentation, he makes or is privy to the making of any false entry in any book or document affecting or relating to his property or affairs, unless he proves that he had no intent to conceal the state of his affairs or to defeat the law :

(11) If, after the presentation of a bankruptcy petition by or against him, or within *six* months next before such presentation, he fraudulently parts with, alters or makes any omission in, or is privy to the fraudulently parting with, altering, or making any omission in, any document affecting or relating to his property or affairs :

(12) If, after the presentation of a bankruptcy petition by or against him, or at any meeting of his creditors within *six* months next before such presentation, he attempts to account for any part of his property by fictitious losses or expenses :

(13) If, within *six* months next before the presentation of a bankruptcy petition by or against him, or, in the case of a receiving order made under section one hundred and seven of this Act, before the date of the order, or after the

presentation of a bankruptcy petition and before the making of a receiving order, he, by any false representation or other fraud, has obtained any property on credit and has not paid for the same :

(14) If, within *six* months next before the presentation of a bankruptcy petition by or against him, or, in the case of a receiving order made under section one hundred and seven of this Act, before the date of the order, or after the presentation of a bankruptcy petition and before the making of a receiving order, he obtains under the false pretence of carrying on business, and, if a trader, of dealing in the ordinary way of his trade, any property on credit and has not paid for the same, unless he proves that he had no intent to defraud.

(15) If, within *six* months next before the presentation of a bankruptcy petition by or against him, or, in the case of a receiving order made under section one hundred and seven of this Act, before the date of the order, or after the presentation of a bankruptcy petition, and before the making of a receiving order, he pawns, pledges, or disposes of any property which he has obtained on credit and has not paid for, unless, in the case of a trader, such pawning, pledging or disposing is in the ordinary way of his trade, and unless in any case he proves that he had no intent to defraud.

2. The following should be added as misdemeanours under this Section :—

(a) If within twelve months next before the presentation of a bankruptcy petition he has contracted any debt proveable in the bankruptcy without having at the time of contracting it any reasonable or probable ground or expectation (proof whereof shall lie on him) of being able to pay it.

(b) If within twelve months next before the presentation of a bankruptcy petition he has incurred liabilities with a view to increasing his assets in the bankruptcy :

(c) If, knowing his insolvency, he shall have permitted or suffered the whole or substantially the whole of his assets to be seized by or applied for the benefit of a particular creditor or creditors to the detriment of the general body of his creditors.

(d) If, within twelve months next before the presentation of a bankruptcy petition he, knowing his insolvency, shall have purchased goods and sold the same goods at less than cost price unless he shall satisfy the Court that such conduct was not fraudulent.

(e) If, within two years next before the presentation of a bankruptcy petition any payment shall have been made by a bankrupt to any person whether it be his wife, a relative, or otherwise, not in connection with a business transaction nor for valuable consideration, and at a time when the bankrupt knew he was insolvent or would become insolvent as a result of such payment.

3. An alien resident in this country for less than ten years who commits a misdemeanour or a felony under this Act or who is guilty of such conduct whereby the Court is stopped from granting to him an unconditional discharge, should, on conviction, or proof thereof, be liable at the discretion of the Court to be deported.

Section 158 of the Bankruptcy Act, 1914.

4. (a) Section 158 (1) of the Bankruptcy Act, 1914, should be amended so as to make the section applicable to every person adjudged bankrupt and not be limited to a second failure. It is therefore suggested that the words "on any previous occasion" in line 1 of Sub-section 1 be deleted from the Section, which as amended should read as follows:—

Any person who has been adjudged bankrupt or in respect of whose estate a receiving order has been made shall be guilty of a misdemeanour, if, having during the whole or any part of the two years immediately preceding the date of the presentation of the bankruptcy petition been engaged in any trade or business, he has not kept proper books of account throughout those two years or such part thereof as aforesaid, and, if so engaged at the date of presentation of the petition, thereafter, whilst so engaged, up to the date of the receiving order, or has not preserved all books of account so kept :

Provided that a person who has not kept or has not preserved such books of account shall not be convicted of an offence under this section if his unsecured liabilities at the date of the receiving order did not exceed one hundred

pounds, or if he proves that in the circumstances in which he traded or carried on business the omission was honest and excusable.

4. (b) Section 158 (3) should also be amended so as to include " Profession " and the following words should be added at the end of the sub-clause " showing the basis upon which such stocktakings are made." The amended sub-clause 3 as suggested would read :—

" For the purposes of this section, a person shall be deemed not to have kept proper books of account if he has not kept such books or accounts as are necessary to exhibit or explain his transactions and financial position in his trade, business or *profession*, including a book or books containing entries from day to day in sufficient detail of all cash received and cash paid, and, where the trade or business has involved dealings in goods, also accounts of all goods sold and purchased, and statements of annual stocktakings *showing the basis upon which such stocktakings are made.*"

Section 161 of the Bankruptcy Act, 1914.

5. The following proviso to Section 161 should be deleted :—

Provided that it shall not be obligatory on the court in the absence of any application by the official receiver for such an order to make an order under this section for the prosecution of an offence, unless it appears to the court that the circumstances are such as to render a prosecution desirable.

The Section would then read as follows :—

Section 161. Where an official receiver or a trustee in a bankruptcy reports to any court exercising jurisdiction in bankruptcy that in his opinion a debtor who has been adjudged bankrupt or in respect of whose estate a receiving order has been made has been guilty of any offence under this Act or any enactment repealed by this Act, or where the court is satisfied upon the representation of any creditor or member of the committee of inspection that there is ground to believe that the debtor has been guilty of any such offence, the court shall, if it appears to the court that there is a reasonable probability that the debtor will be convicted, order that the debtor be prosecuted for such offence.

6. The Official Receiver and/or the Trustee should in all cases under the Bankruptcy Acts make and file in the proceedings a special report stating whether or not the bankrupt has been guilty of any offence under the Act, whether by way of felony or misdemeanour or of any conduct constituting a ground for attaching conditions to his discharge.

7. The Committee recommend that :—

(1) The President of the Board of Trade be asked to receive a deputation of representatives of the Association and such other bodies as are interested in the revision of the Act.

(2) That the following associations be invited to a special meeting with representatives of the Association to consider the Association's report and to draw up the case to be presented to the President of the Board of Trade :

The Textile Trade Association for the Prevention of Fraudulent Trading.

National Federation of Builders' Merchants' Associations.

National Federation of Building Trades Employers,
and such other Associations and Organisations as the Council may determine.

8. On the motion of Mr. J. H. Fisher (Hull), seconded by Mr. Lockwood (Bradford), and supported by Mr. Dawson (Liverpool), and other members, a hearty vote of thanks was accorded to Sir James Martin for presiding over the Committee.

JAMES MARTIN, *Chairman of Committee.*

R. B. DUNWOODY, *Secretary.*

14, Queen Anne's Gate, S.W.

20th November, 1923.

The foregoing Report was unanimously adopted by the Executive Council of the Association of British Chambers of Commerce.

ARTHUR BALFOUR, *President.*

R. B. DUNWOODY, *Secretary.*

12th December, 1923.

APPENDIX No. 3.

RAILWAYS ACT, 1921.

LOCAL JOINT COMMITTEES.

The following are the details of a scheme agreed to at a Conference between Traders and Railway Companies in regard to the constitution and functions of such Committees:—

SCHEME AGREED BETWEEN THE ASSOCIATION OF
BRITISH CHAMBERS OF COMMERCE AND RAIL-
WAY COMPANIES FOR ESTABLISHING LOCAL
RAILWAY AND TRADERS' CONFERENCES.

1. That a " Railway and Traders' Conference " be appointed representative of the Railways and Traders concerned in the Area.
2. That the function of the Conference be to act as a Conciliatory and consultative body without any coercive power and that all resolutions of the Conference shall be passed by agreement between both parties.
3. It shall not be competent for the Conference to hear or consider matters affecting Railway Companies or Traders as a whole, or, except with the approval of the Trade Organisation concerned, any matter affecting the whole of any particular trade. Subject to the above the Conference may consider:—
 - (i.) Any local matters of a general character affecting traders within the area, including:—
 - (a) The service, *conditions* and charges for traffic by passenger train.
 - (b) The service, *conditions*, and charges for the collection and delivery of merchandise.
 - (c) The service, *conditions*, and charges for traffic by merchandise train.

(ii.) Dock charges and facilities.

By agreement, questions of general principle may be discussed but no resolutions may be passed thereon.

4. All deliberations of the Conference to be without prejudice and not to affect the rights of either party or of any trader, or of the Chamber of Commerce or of any representative body of traders concerned to apply direct to the Railway Companies or to the Rates Tribunal for a settlement of the question at issue.
5. The Conference shall be drawn from two panels constituted as follows :—
 - (i.) A Traders' Panel consisting of.....Representatives to be chosen on lines to be agreed among the Trading and Agricultural Interests, Associations, etc., in the area covered by the Conference; and
 - (ii.) A Railway Panel consisting of.....Railway representatives chosen from among the Railway Companies serving the area covered by the Conference.
6. With a view to securing adequate representation on the Conference for the purpose of dealing with any specific questions affecting a particular trade, the Traders' Panel shall if the trade is not already represented co-opt a representative of that trade, regard being had to the nature of the question to be discussed. The Railway Panel to have similar powers of co-option.
7. Each of the Panels shall elect a Chairman, and the Conference shall be presided over at alternate meetings by the Chairman of the Traders' Panel and the Chairman of the Railway Panel.
8. Each of the Panels shall appoint a Secretary, and the Secretarial work shall be undertaken jointly.
9. Each Panel to bear its own expenses. The expenses of providing the accommodation for meetings to be borne by each Panel alternately.
10. Copies of all resolutions of the Conference to be sent by the Secretaries to the Railway Clearing House, the Traders' Co-ordinating Committee, and to any National Association applying for them.

APPENDIX No. 4.

TERMS AND CONDITIONS OF CARRIAGE BY RAIL.

The main items in these Conditions are as follows:—

STANDARD TERMS AND CONDITIONS OF CARRIAGE.

Note A: Applicable to the Carriage of Merchandise by Goods Train at Company's Risk.

Clause 1. Addressing of Consignments.

The present practice has been maintained, except that where goods are sent "to Wait Order," the Railway Companies stipulate that this can only be done by arrangement with them. It is hardly likely that such a condition will be insisted upon in practice, although the Railway Companies insist upon it being maintained in their regulations. The Traders will refer to the Tribunal as to the Railway Companies being compelled to give a receipt for goods handed to them by means of a duplicate consignment note or otherwise.

Clause 2. Labelling of Trucks.

The present practice will be maintained, the Companies expressly stating that they have no intention of altering it. Provision will, therefore, be made for agreements in writing between the Traders and the Companies where labelling of private siding traffic by the Companies obtains at present. In the case of private sidings, where the weighing of each truck is impossible, it will only be necessary to indicate weight approximately.

Clause 3. Railway Companies' Liability.

It will be recalled that the Companies' original proposal was purely negative, leaving the question of their liability to be determined at common law; the amended and agreed condition distinctly specifies the Railway Companies' liability, with certain exceptions, such as Act of God, Act of War, etc. There is one special clause, however, (g) Casualty, including fire or explosion, for which the Railway Companies will accept no liability, which is not

quite clear, but the Railway Companies will not deviate therefrom. It is feared that if the whole clause is debated again before the Tribunal considerably less would be gained with the Traders. The word "Casualty" raises a new issue in railway procedure, and as there are no precedence of cases, it does give the Traders some protection as to the exemption from liability of the Railway Companies.

Clause 4. Delay or Detention.

The amended clause puts the liability definitely upon the Railway Companies for delay except where the Companies prove that delay or detention, or unreasonable deviation has arisen without negligence on their part. The point, however, is that the onus of proof is upon the Railway Companies instead of upon the Traders as originally suggested.

Clause 6. Conditions Applicable by Sea.

The goods must be accompanied by a consignment note signed by the sender, such note to contain such terms and conditions applicable to the carriage of the merchandise by water as the Company are entitled to impose.

Clause 7. Transfer to an Independent Carrier.

This deals with goods which entail the transfer to an independent carrier, *i.e.*, a carting contractor at terminal stations. The Railway Companies' liability will now be restricted to include any contractor regularly employed by the Railway Companies, but they will not take the responsibility for any carter temporarily employed, or employed at an out-of-way station, over whom they have no control. The Co-ordinating Committee agreed to support the amended clause, it being the common view that the Railway Companies, by the amended condition, had met the situation fairly fully. The only dissentients were the representatives of the Food Trade, who will probably cite the case before the Tribunal.

Clause 8. Time Limit for Claims.

In the original clause the Railway Companies specify that notification of claim for loss must be made within three days, and that the actual claim must be made in writing in seven days. The Chamber's objection was on a question of time, it being proposed that the periods should be seven

and fourteen days respectively. The Main Co-ordinating Committee agree with this contention. As the Railway Companies will not deviate from their original basis, the clause will be submitted to the Tribunal for a decision. It would assist the settlement of the case if members of the Chamber would put forward practical suggestions as to the reason for seven and fourteen days respectively. In case of non-delivery of a whole consignment, or of any separate package, the Railway Companies insist upon notification of a claim within fourteen days, and the claim within twenty-eight days after receipt of the consignment by the Company. The Chamber objected to this entirely, but the Co-ordinating Committee seek to have the periods extended to twenty-eight days and two months respectively. The matter will be settled by the Tribunal.

Clause 9. Place of Collection or Delivery.

The new condition is satisfactory. An additional condition has been added, however, which specifies, when transit is completed, of goods consigned to a station not to be delivered by the Companies' road vehicles.

Clause 10. Termination of Transit.

The new clause makes it clear that transit expires, in the case of merchandise to be carted by the Company, when it is tendered at the usual place of delivery or, in the case of merchandise not to be carted by the Company or to be retained by the Company awaiting order, at the expiration of one clear day after notice of arrival has been given in writing. One clear day has been agreed to instead of 24 hours, and is undoubtedly a valuable concession, as the notification will not arrive until the following morning, so that it is really on the third day before it is effective. The Chamber's suggestion was 48 hours after notice, and it is felt that one clear day's notice is an adequate compromise.

Clause 11. Storage Charges and Liabilities.

No comment.

Clause 12. Payment of Charges for Carriage and Detention.

It was suggested that the Companies should have imposed upon them the onus of collecting carriage from consignees, but there are almost insuperable difficulties in this connection. A compromise has been arrived at by adding a

proviso to the Companies' original condition to the effect that the Companies are not to have recourse to the sender in such cases until after reasonable demands for payment have been made by the Company from the consignee. The conditions regarding the detention are not satisfactory, and will be submitted to the Tribunal, it being contended that such condition is "ultra vires." If this is not so, the Traders will ask for a separate clause covering the Railway Companies' charges for detention on trucks, etc.

Clause 13. Lien.

There is a definite difference of opinion in regard to the Company's right to a general lien. The traders take the view that the condition as proposed upon this point actually extends the legal rights of the Companies considerably, and the point will be referred to the Tribunal.

Clause 14. Disposal of Perishable Merchandise.

A new clause has been provided here to meet the Coordinating Committee's views, there only being one or two points of principle to be referred to the Tribunal. It is not anticipated there will be any difficulty in arriving at a condition agreeable to both parties.

Clause 15. Disposal of Other Merchandise.

Considerable progress has been made in the drafting of a new condition equitable to both the Traders and the Companies. The main point is that the Companies must give notice to the Traders before sale is effected. It is also provided that the Companies shall do what is reasonable to obtain the full value of the merchandise. There are certain provisos embodied as to when the power of sale shall not be exercised.

Clause 16. Loss of Market and Consequential Damages.

The new clause absolves the Company from liability for loss of a particular market, and for indirect or consequential damages. The Traders' view is that the Courts should decide with full regard to the facts of each particular case. The Tribunal will decide the point.

Clause 17. Defect in a Trader's Truck or Sheet.

It is contended that the Company should discharge the onus of proving that they were not guilty of negligence in not discovering defect, if any, and the matter will be referred to the Tribunal for decision.

Clause 18. Loading or Sheeting by the Sender.

Most of the points urged by the Traders have been met. One point will be referred to the Tribunal, i.e., Companies' liability where loss or damage would not have arisen but for faulty or improper loading where goods are loaded at a station by the Trader, owing to the fact that the Company do not provide staff for the purpose. The Railway Companies urge that they are adhering largely to existing practice.

Clause 19. Loss of Weight During Transit.

This Condition will be deleted.

Clause 20. Warranty for General Merchandise.

The Chamber had no objections to this, but the Coordinating Committee consider that it is onerous and unreasonable, and it will, therefore, be referred to the Tribunal.

Two additional conditions have been agreed to, governing any special conditions which may, from time to time, be settled by the Rates Tribunal, and also stipulating that the term "packing" when used in the condition shall not include the sheet or anything which is necessary for fixing the merchandise securely in or to the truck in which it is carried. These two new conditions are to be forwarded by the Traders to the Tribunal for a decision.

The Companies Acts, 1862 to 1893.

The Bradford Chamber of Commerce

(INCORPORATED).

(Incorporated 24th November, 1897).

MEMORANDUM OF ASSOCIATION.

1. The name of the Association is "THE BRADFORD CHAMBER OF COMMERCE (INCORPORATED)."

2. The Registered Office of the Association will be situate in England.

3. The objects for which the Association is established are to do all or any of the following things so far as allowed by law:—

- (a) To take over the assets and liabilities of the unincorporated Bradford Chamber of Commerce.
- (b) To promote and protect the trade, commerce, and manufactures of Bradford and district, and the Home, Colonial, and foreign trades of the United Kingdom.
- (c) To initiate, promote, support, or oppose legislative or other measures affecting the aforesaid interests.
- (d) To represent, express, and give effect to the opinions of the Association on commercial questions.
- (e) To collect and disseminate statistical and other information relating to trade, commerce, and manufactures.
- (f) To undertake by arbitration or otherwise the settlement of disputes arising out of commercial transactions.
- (g) Generally to do all such other lawful things as may be conducive to the extension of trade, commerce, or manufactures, or incidental to the attainment of the above objects.

Provided that the Association being instituted solely for commercial objects, and comprising amongst its members persons of all political opinions, all questions of party politics, general or local, shall be excluded from discussion, and no member shall be allowed at any meeting to call in question the conduct of any other member in reference to the exercise of his political privileges. Provided always that it shall not be lawful for the Association to impose on its members or support with its funds any regulation which, or the enforcing of which, if an object of the Association, would make it a Trade Union, nor shall the Association support or amalgamate with any Trade Union.

4. The income and property of the Association, whencesoever derived, shall be applied solely towards the promotion of the objects of the Association, as set forth in the Memorandum of Association, and no portion thereof shall be paid or transferred, directly or indirectly, by way of dividend, bonus, or otherwise howsoever, by way of profit to the Members of the Association, provided that nothing herein contained shall prevent the payment in good faith of remuneration to any officers or servants of the Association, or, subject to the provisions hereinafter contained, other person, in return for any services actually rendered to the Association.

5. The fourth paragraph of this memorandum is a condition on which a license is granted by the Board of Trade to the Association, in pursuance of Section 23 of the "Companies Act, 1867." If any member of the Association pays or receives any dividend, bonus, or other profit in contravention of the terms of the fourth paragraph of this memorandum, his liability shall be unlimited. Provided further that no member of the Council of Management or governing body of the Association shall be appointed to any salaried office or any office paid by fees, and that no remuneration shall be given to any member of such Council or governing body except repayment of out-of-pocket expenses and interest on money lent. If any payment shall be made to any member in contravention of the provisions of this section the liability shall be unlimited of any member who shall receive or make such payment after he has been advised in writing that it is unauthorised.

6. Every member of the Association undertakes to contribute to the assets of the Association in the event of the same being wound up during the time he is a member or within one year afterwards, for payment of the debts and liabilities of the Association contracted before the time at which he ceases to be a member, and of the costs, charges, and expenses of winding up the same, and for the adjustment of the rights of the contributories amongst themselves, such amount as may be required not exceeding £1, or in case of his liability becoming unlimited, such other amount as may be required in pursuance of the last preceding paragraph of this Memorandum.

7. If, upon the winding up or dissolution of the Association, there remains after the satisfaction of all its debts and liabilities any property whatsoever, the same shall not be paid to, or distributed among the members of the Association, but if and so far as effect can be given to the next provision shall be given or transferred to some other institution or institutions having objects similar to the objects of the Association, to be determined by the members of the Association at or before the time of dissolution, or in default thereof by such Judge of the High Court of Justice as may have or acquire jurisdiction in the matter, and if and so far as effect cannot be given to such provision, then to some charitable object.

8. True accounts shall be kept of the sums of money received and expended by the Association, and the matter in respect of which such receipt and expenditure takes place, and of the property, credits, and liabilities of the Association; and subject to any reasonable restrictions as to the time and manner of inspecting the same that may be imposed in accordance with the regulations of the Association for the time being, shall be open to the inspection of the members. Once at least in every year the accounts of the Association shall be examined, and the correctness of the balance sheet ascertained by one or more properly qualified Auditor or Auditors.

We, the several persons whose names and addresses are subscribed, are desirous of being formed into an Association in pursuance of this Memorandum of Association.

DATED this 16th day of November, 1897.

WITNESS FREDK. HOOPER,

Secretary,

Bradford Chamber of Commerce.

The Companies Acts, 1862 to 1893.

The Bradford Chamber of Commerce

(INCORPORATED).

ARTICLES OF ASSOCIATION.

1. For the purpose of registration the number of members of the Chamber is declared not to exceed 500.

2. The Council hereinafter mentioned may, whenever the purposes of the Chamber require it, register an increase of members.

3. These Articles shall be construed with reference to the provisions of the Companies Acts, 1862 to 1893, so far as they are consistent therewith, and terms used in these Articles shall be taken as having the same respective meanings as they have where used in those Acts.

4. The Association is established for the purposes expressed in the Memorandum of Association, and is herein referred to as "the Chamber."

MEMBERSHIP.

5. The following shall be members of the Chamber:—

- (1) All the present members of the unincorporated Bradford Chamber of Commerce who, within twelve calendar months after the registration of the Memorandum of Association, shall signify to the Council or Secretary of the Chamber their consent to be members.
- (2) All such persons interested in the various branches of the trade of Bradford and its neighbourhood as shall pay one of the subscriptions hereinafter mentioned, and consent in writing to be members, and shall be admitted as members by the Council.

SUBSCRIPTIONS AND VOTES.

6. The Annual Subscription for each member shall be not less than One Guinea, to be paid in advance on the 1st day of January in each year.

7. The number of votes to which members shall be entitled shall be as follows:—Subscribers of One Guinea annually, one vote; Two Guineas annually, two votes; Three Guineas and upwards annually, three votes; a Life Member, one vote.

8. In the case of Firm or Company members, all the Partners in the firm, or all the Directors of the Company, may attend the meetings of the Chamber, but only one such Partner or Director shall vote under Rule 7, as representing the Firm or Company member.

9. The authorised agents of members not resident in Bradford may vote in the names of their principals.

10. No member whose subscription is one month or more in arrear shall be entitled to vote.

11. No person, except the persons who sign the Memorandum of Association and members of the unincorporated Bradford Chamber of Commerce, shall be entitled to vote or to exercise any privilege of membership until he shall have been a member of the Chamber for at least three months.

LIFE MEMBERSHIP.

12. Any individual member may, on payment of the sum of Ten Guineas at one time, become a *Life Member*. A Life Member shall be exempt from any further subscriptions, but shall nevertheless have all the privileges and advantages of an annual subscriber. Firms cannot be Life Members.

EXECUTIVE.

13. The business of the Chamber shall be managed by a Board of Directors (hereinafter referred to as the Council), to be styled "The Council of the Bradford Chamber of Commerce." The Council shall be composed of elected members and *ex-officio* members as follows:—

- (a) There shall be thirty elected members chosen out of the general body of members of the Chamber as hereinafter provided.
- (b) The *ex-officio* members shall be the Members of Parliament for the Borough of Bradford and the Mayor of Bradford for the time being, or such of them as shall consent to act, and the Chairman of each Trade Section formed in connection with the Chamber. The Council may also elect as *ex-officio* members the President or Chairman for the time being (or a duly appointed representative) of any other mercantile, legal, or industrial association established in the City or District.

14. The following or such of them as shall consent to act shall be members of the Council until the Annual General Meeting in the year 1898:—

Elective: Sir Henry Mitchell, Kt., Henry Sutcliffe, G. Hoffmann, W. A. Whitehead, G. S. Beaumont, Harrison Benn, Bernhard Cohen, Amos Crabtree, T. Arthur Duncan, Victor Edelstein, Arthur D. Ellis, Julius Ephraimson, John E. Fawcett, Smith Feather, Herbert A. Foster, J. Arthur Godwin, James Gordon, William B. Gordon, J. C. Horsfall, Frederick Illingworth, Albert H. Illingworth, Duncan G. Law, John Maddocks, W. H. Mitchell, Henry Muff, Arthur Priestman, H. D. Sichel, F. F. Steinthal, David Wade, William Watson.

Ex-officio:

Members of Parliament—Ernest Flower, M.P., J. Leslie Wanklyn, M.P., Capt. The Hon. R. F. Greville, M.P.
The Mayor of Bradford—(For the time being).

Chairmen of Trade Sections—Spinners' Section, J. H. Robinson; Manufacturers' Section, H. D. Sichel; Piece Merchants' Section, Duncan G. Law; Yarn Merchants' Section, F. F. Steinthal; Wool Trade Section, A. S. J. Musgrave.

Representative :

Alderman F. W. Jowett, representing the Bradford and District Trades and Labour Council.

15. At each Annual General Meeting after that in 1899 the ten elective members of Council who have been longest in office shall retire. The members who shall retire in 1898 and 1899 shall be as follows:—

1898.—Messrs. G. S. Beaumont, Victor Edelstein, Julius Ephraimson, Herbert A. Foster, William B. Gordon, W. H. Mitchell, Henry Muff, Arthur Priestman, Henry Sutcliffe, and David Wade.

1899.—Messrs. Amos Crabtree, T. Arthur Duncan, Smith Feather, J. Arthur Godwin, G. Hoffmann, J. C. Horsfall, John Madocks, H. D. Sichel, F. F. Steinthal, and A. D. Ellis.

16. The election of members of Council shall be conducted as follows:—

- (a) At least fourteen days before the Annual General Meeting a list shall be opened at the Secretary's office for members of the Chamber to nominate gentlemen (being members of the Chamber) for election as members of Council; such list shall be closed at least seven days before the date of such Annual Meeting. No member shall propose more than three candidates, and it shall not be lawful for partners in a firm to nominate each other, or to be nominated simultaneously.

- (b) In the event of the number of persons so nominated exceeding the number of vacancies, then a voting paper, containing a list of the names of the persons nominated, shall be sent by the Secretary to each member of the Chamber, as early as practicable. Such voting paper shall be returned to the Secretary, signed by the voter, before the time fixed for such Annual Meeting. Each member may vote for any ten of the persons so nominated, but shall not give more than one vote to each person voted for.
- (c) The Annual General Meeting shall appoint two members to count the votes, and the ten candidates who shall be found to have received the greatest number of votes shall be declared elected. In case of equality the Chairman of the meeting shall give a casting vote.
- (d) If there are fewer candidates nominated than there are vacancies, or if the number nominated shall equal the number of vacancies, the candidates shall be deemed to be duly elected. The remaining vacancies (if any) shall be filled up by the members present at such Annual Meeting from amongst the members of the Chamber, without any previous nomination.

17. Should an elected member of Council not have attended three Council Meetings during the year, he shall, *ipso facto*, retire, but shall be eligible for re-election. Any vacancy so caused, and also any vacancy caused by the death or resignation of a member of Council, shall be filled up by the Council within three months of the vacancy occurring. The member of Council elected in accordance with this clause to fill a vacancy caused by retirement, death, or resignation, shall hold office for the unexpired portion of the term for which the member of Council so retiring, dying, or resigning, was originally elected. The Council shall have full power to act, notwithstanding that any vacancy shall not have been filled up.

COUNCIL.

18. The Council shall at its first meeting after the Annual General Meeting in 1898 and each year following elect out of its own body a President, two Vice-Presidents, a Treasurer, and an Auditor for the ensuing year. The following shall fill these offices until the first meeting of Council after the Annual General Meeting in 1898, namely:—President, Henry Sutcliffe; Vice-Presidents, G. Hoffmann, W. A. Whitehead; Treasurer, James Gordon; Auditor, Duncan G. Law.

19. The Council shall meet at least once in every alternate month, and shall be summoned by circular from the Secretary.

20. Special Meetings of the Council may be convened by the President, the two Vice-Presidents, or three members of Council, notice of such meetings, stating the objects thereof, being given at least two days previously by the Secretary.

21. No business of which notice has not been duly given in the circular convening the meeting shall be transacted at any meeting of the Council, except by consent of the President.

22. All meetings of the Council shall be presided over by the President, or one of the Vice-Presidents, or one of the elected members of Council, and the Chairman shall have a second or casting vote. The Council may determine the quorum necessary for the transaction of business. Until otherwise determined, three members of Council shall be a quorum.

23. The Council shall appoint such Committees as it may deem necessary, with power for such Committees to association with them for any special purpose any other person or persons, with full power to act and vote on such Committees. Each Committee shall appoint a Chairman, who may at any time convene a meeting of his Committee, and shall do so on the requisition of three of its members. The Council may from time to time dissolve or re-appoint any such Committee.

24. The Council shall acquire and take over the assets of the existing Bradford Chamber of Commerce and discharge the liabilities of that body, and shall have power to take offices for the use of the Chamber, and to appoint a Secretary, and such other officers as may be found necessary for the due conduct of the business of the Chamber, with annual salaries and other remuneration, to engage professional assistance, and to remunerate all persons employed by them; and, subject to the provisions of these Articles, to appoint their own meetings and regulate their own proceedings, to manage and superintend the affairs of the Chamber, and act in the name of the Chamber, and generally to execute all powers and functions of the Chamber not hereby conferred upon General Meetings of the Chamber.

ANNUAL MEETING OF THE CHAMBER.

25. The first General Meeting of the Chamber shall be held within four calendar months of the registration of the Memorandum of Association in accordance with Section 39 of the Companies Act of 1867. An Annual Meeting of the members of the Chamber shall be held in the month of January. Three members personally present shall be a quorum at the Annual Meeting.

26. Notice of the Annual Meeting shall be given by circular to each member.

27. At or previous to each Annual Meeting the Council shall deliver to the members a report of its transactions, and shall produce the Treasurer's audited account of receipts and disbursements for the preceding year.

SPECIAL MEETINGS OF THE CHAMBER.

28. Special meetings of the members of the Chamber shall be convened by the Secretary at the request of the President or the Council, or on the requisition of six members of Council or of twenty members of the Chamber; the requisition and the notice shall state the objects for which the meeting is called, and no other business shall be entertained.

29. Two days' notice at least shall be given of all such meetings by a circular addressed to each member. Fifteen members personally present shall be a quorum at a Special Meeting.

30. Questions shall be determined by a majority of the members present and voting (in person or by their authorised agents in accordance with Clause 9) unless a poll of the Chamber be demanded by one-fourth of those present. In the latter case a voting paper shall be sent to each member, and the final decision of the Chamber taken accordingly.

31. No resolution of an Annual Meeting or of a special meeting of the Chamber shall be rescinded except by a special meeting convened for that purpose.

32. Each meeting of the Chamber shall be presided over by the President, or, in his absence, by a Vice-President or one of the members of Council, and in their absence the meeting shall elect a Chairman. The Chairman presiding at any meeting shall have an original and also a casting vote.

TRADE SECTIONS.

33. Any number of members of the Chamber who may desire to associate themselves together in a Trade Section, with the view of representing more effectually the interests of any particular trade or branch of trade, may address the Council to that effect, and the Council thereupon may authorise the formation of such Trade Section.

34. A register shall be kept by the Secretary of the Chamber of the names of the members enrolled from time to time in the various Sections.

35. The President and Treasurer of the Chamber shall be *ex-officio* members of every Trade Section:

36. Members of the Chamber desiring to be admitted members of a Trade Section already formed may be enrolled by resolution of that Section on the proposition of two members thereof, subject to confirmation by the Council.

37. Each Trade Section may elect a Committee from amongst its own members, to transact business on behalf of such Trade Section.

38. Each Trade Section shall annually elect a Chairman and may also elect a Deputy-Chairman, and may fill up any vacancy that may arise from time to time in the office of Chairman or Deputy-Chairman.

39. The Chairman of each Trade Section shall be *ex-officio* a member of the Council.

40. The Chairman, Deputy-Chairman, or four ordinary members of any Trade Section shall be entitled to call a meeting of the members of that Section on signifying such desire to the Secretary.

41. Every Trade Section shall keep minutes of its proceedings; such minutes shall be presented for approval or otherwise of the Council at its ordinary meetings.

42. The Chairman or other duly appointed representative of any Trade Section shall be entitled to bring any matter relating to the Trade of that Section under the special attention of the Council in the first instance, and afterwards of the Chamber at a General Meeting, should the Council consider it desirable.

43. If the Chairman or appointed representative of a Trade Section shall intimate in writing to the Secretary of the Chamber, or verbally at a meeting of the Council, his desire that the Council shall postpone coming to a final decision upon a question affecting the interests of his Section, then the Council shall defer further discussion and decision on such question until after the expiration of at least fourteen days from such notice of objection, and during such fourteen days the Section or Sectional Committee shall meet and consider the matter in question with a view to the Chairman or appointed representative subsequently submitting to the Council its opinions upon the points of difference.

44. No resolution of any Section or Sectional Committee shall have force as binding the Chamber until confirmed by the Council or by the Chamber.

45. The Secretary of the Chamber shall act as Secretary of each Trade Section and its Committees, unless the members of any section prefer to appoint an Honorary Secretary from amongst their own members. In the latter case the Secretary of the Chamber shall be an *ex-officio* member of such Section and its Committees.

46. The Council may levy a contribution upon each of the ordinary members of any Trade Section to cover any extra expenses incurred by that Section.

BYE-LAWS.

47. The Council shall have power from time to time to make such Bye-Laws as they may judge necessary for carrying on the business of the Chamber, or of any Trade Section, and may alter or revoke such Bye-Laws from time to time. Any Director wishing to propose an addition to, or alteration in, or revocation of any such Bye-Laws, shall give seven days' previous notice thereof, in writing, to the Secretary, who shall give at least two days' notice to the Council of such proposition, and no Bye-Law shall be made, altered, or revoked without such notice. Provided that without a special resolution no Bye-Law shall be made which would amount to such an alteration of or addition to the Articles as could only legally be made by a special resolution.

DISCUSSIONS.

48. Any member of the Chamber, on giving two days' notice to the Secretary, may attend any ordinary meeting of the Council, with liberty to speak (but not to vote) on any subject under discussion. Such member may also introduce a subject for discussion, provided that a week's notice thereof has been given to the Secretary, in writing, and that the President approve of the subject being introduced.

RECORDS.

49. A correct record of the proceedings of the Chamber and of the Council and its Committees and Trade Sections shall be kept in suitable books, which, together with all documents, commercial statistics, and other information, shall be open to the inspection of the members of the Chamber at all convenient times.

ARBITRATION.

50. The Chamber shall have power to undertake, through its Council or a Committee appointed for the purpose, the settlement of disputes arising out of commercial transactions, by appointment of Arbitrators or otherwise, under such regulations as the Council shall from time to time determine.

BOARDS OF CONCILIATION.

51. The Council shall be empowered to associate with any other public body or bodies for the purpose of establishing and conducting, under such Rules as may be mutually agreed upon, a Board or Boards of Conciliation and or Arbitration, for the adjustment of labour disputes arising in Bradford and the district within such distance of Bradford as the Council may think fit.

ACCOUNTS.

52. The Treasurer shall make up his accounts to the 31st December in each year; such accounts shall be audited by the auditor appointed in accordance with these Articles, and printed, and a copy thereof delivered to the members at, or previous to, the Annual Meeting.

LIST OF MEMBERS.

53. The Secretary shall keep a correct list of the members of the Chamber; such list shall be open to the members' inspection at any convenient time.

54. A notice may be served by the Company upon any member either personally or by sending it by prepaid post addressed to such member at his registered place of business or abode.

55. Any notice if served by post shall be deemed to have been served at the time when the same would be delivered in the ordinary course of the post; and in proving such service it shall be sufficient to prove that the notice was properly addressed and put into the post office.

DATED this 16th day of November, 1897.

WITNESS FREDK. HOOPER,

Secretary,

Bradford Chamber of Commerce.

R. 13,081.

LICENCE BY THE BOARD OF TRADE.

Pursuant to Section 23 of the Companies Act, 1867.

WHEREAS it has been proved to the Board of Trade that the BRADFORD CHAMBER OF COMMERCE, (Incorporated), which is about to be registered under the Companies Acts, 1862 to 1890, as an Association Limited by Guarantee, is formed for the purpose of promoting objects of the nature contemplated by the 23rd Section of the Companies Act, 1867, and that it is the intention of the said Chamber that the income and property of the Association, whencesoever derived, shall be applied solely towards the promotion of the objects of the Association, as set forth in the Memorandum of Association of the said Chamber, and that no portion thereof shall be paid or transferred, directly or indirectly, by way of dividend or bonus or otherwise howsoever by way of profit, to the persons who at any time are or have been members of the said Chamber, or to any of them, or to any person claiming through any of them.

NOW THEREFORE, the Board of Trade, in pursuance of the powers in them vested, and in consideration of the provisions and subject to the conditions contained in the Memorandum of Association of the said Chamber, as subscribed by seven members thereof on the 16th day of November, 1897, do by this their licence direct the Bradford Chamber of Commerce (Incorporated) to be registered with limited liability without the addition of the word "Limited" to its name.

Signed by order of the Board of Trade this 22nd day of November, 1897.

FRANCIS J. S. HOPWOOD,

An Assistant Secretary to the Board of Trade.

No. 54,940.

CERTIFICATE OF INCORPORATION

OF THE

BRADFORD CHAMBER OF COMMERCE (INCORPORATED).

I HEREBY CERTIFY that the BRADFORD CHAMBER OF COMMERCE (Incorporated) (the word "Limited" being omitted by Licence of Board of Trade) is this day incorporated under the Companies Acts, 1862 to 1893, and that the Company is limited.

Given under my hand at London this Twenty-fourth day of November, One Thousand Eight Hundred and Ninety-seven.

ERNEST CLEAVE,

Assistant Registrar of Joint Stock Companies.

No. of Certificate, 50,940.

The Companies Acts, 1862 to 1898.

COMPANY LIMITED BY GUARANTEE.

SPECIAL RESOLUTION

(Pursuant to the Companies Act, 1862, Section 51)

OF

THE BRADFORD CHAMBER OF COMMERCE

Passed 18th January, 1905; Confirmed 15th February, 1905.

At a General Meeting of the Members of the above-named Company, duly convened, and held at the Offices of the Company in the Exchange, Bradford, in the County of York, on the Eighteenth day of January, 1905, the following Special Resolution was duly passed ;

and at a subsequent General Meeting of the Members of the said Company, also duly convened and held at the same place on the Fifteenth day of February, 1905, the said Special Resolution was duly confirmed:—

That the word “month” in No. 10 of the Chamber’s Articles of Association be altered to “year,” so that the Article shall read: “No Member whose subscription is one year or more in arrear shall be entitled to vote.”

FREDK. HOOPER,
Secretary.

No. of Certificate, 54,940.

The Companies Acts, 1862 to 1898.

COMPANY LIMITED BY GUARANTEE.

SPECIAL RESOLUTION

(Pursuant to the Companies Act, 1862, Section 51)

OF

THE BRADFORD CHAMBER OF COMMERCE

(INCORPORATED).

Passed 13th December, 1906; Confirmed 2nd January, 1907.

At a General Meeting of the Members of the above-named Company, duly convened, and held at the Offices of the Company in the Exchange, Bradford, in the County of York, on the Thirteenth day of December, 1906, the following Special Resolution was duly passed;

and at a subsequent General Meeting of the Members of the said Company, also duly convened and held at the same place on the Second day of January, 1907, the said Special Resolution was duly confirmed :—

That the following Article be substituted for Article No. 13 of the Chamber's Articles of Association :—

13. The business of the Chamber shall be managed by a Board of Directors (hereinafter referred to as the Council), to be styled "The Council of the Bradford Chamber of Commerce." The Council shall be composed of Elected Members, Ex-officio Members, and Past Presidents, as follows :—

- (a) There shall be thirty Elected Members chosen out of the general body of Members of the Chamber as hereinafter provided.
- (b) The Ex-officio Members shall be the Members of Parliament for the Borough of Bradford and the Shipley Division of the West Riding of Yorkshire, the Mayor of Bradford for the time being, and the Chairman of each Trade Section formed in connection with the Chamber. The Council may also elect as Ex-officio Members the President or Chairman for the time being (or a duly appointed representative) of any other mercantile, legal, or industrial association established in the City or District.
- (c) All Past Presidents of the Chamber, so long as they or their firms or companies continue to subscribe to the Chamber, shall be Members of the Council.

FREDK. HOOPER,

Secretary.

No. of Certificate, 50,940.

The Companies (Consolidation) Act, 1908.

COMPANY LIMITED BY GUARANTEE.

THE BRADFORD CHAMBER OF COMMERCE (INCORPORATED).

SPECIAL RESOLUTION

Passed 30th September, 1913 ; Confirmed 28th October, 1913.

At an EXTRAORDINARY GENERAL MEETING of the Bradford Chamber of Commerce (Incorporated) duly convened and held at the Offices of the Company on the 30th day of September, 1913, the subjoined Resolution was duly passed, and at a subsequent Extraordinary General Meeting of the said Company, also duly convened and held at the same place on the 28th day of October, 1913, the subjoined Special Resolution was duly confirmed :—

That the Articles of Association be altered in manner following, namely :—

(a) Clause 13 (as adopted by Special Resolution passed on 13th December, 1906, and confirmed on 2nd January, 1907) shall be amended in manner following, namely :—

- (1) By striking out the words in the first paragraph thereof—
“The Council shall be composed of Elected Members, Ex-officio Members, and Past Presidents,” and substituting therefor the words :—

The Council shall be composed of Elected Members,
Ex-officio Members, Past Presidents, and Co-opted
Members, and

(2) By adding thereto the following paragraph:—

(a) The Council may at any time elect Co-opted Members in manner hereinafter provided, but the number of such Co-opted Members shall at no time exceed six in all.

(b) Clause 16 shall be amended by inserting the word “elected” before the word “members” in the first line of the said Clause.

(c) The following Clause shall be added, namely:—

(16A) Co-opted Members shall be elected by the Council in manner following, namely:—

No Co-opted Member shall be so elected unless, at least seven days before the meeting at which he shall be proposed for election, he shall (by notice in writing delivered to the Secretary) have been nominated by at least two members of the Council, and unless the intention to propose him shall have been notified in the notice summoning the meeting. After such nomination and notification Co-opted Members may be elected by resolution of the Council, passed by a majority of not less than three-fourths of the Members of the Council present at a meeting duly summoned in accordance with these Articles, provided that not less than one-half of the Elected Members of the Council are present at such meeting. Each Co-opted Member shall hold office for such period, not exceeding three years, as shall be specified in the resolution by which he shall be elected.

(d) Clause 17 shall be amended by striking out the words “a Member” in the fourth line thereof, and substituting therefor the words “an Elected Member.”

(e) Clause 22 shall be amended by striking out the words " or one
" of the Vice-Presidents, or one of the Elected Members of Council,
and substituting therefor the words " or in his absence by the Senior
" Vice-President present, or, if no Vice-President is present, then by
" the Senior Past President present, and, in the absence of all the
" foregoing, the meeting shall elect some other Member of Council to
" be Chairman."

(f) Clause 32 shall be amended by striking out the words " a Vice-
" President or one of the Members of Council, and in their absence the
" meeting shall elect a Chairman," and substituting therefor the words
" or in his absence by the Senior Vice-President present, or, if no Vice-
" President is present, then by the Senior Past President present, and,
" in the absence of all the foregoing, the meeting shall elect some other
" Member of Council to be Chairman."

P. ANDERSON,

Secretary.
